SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.7 Billing and Payment for Service

2.7.1 Responsibility for Charges

Charges for installations, service connections, moves, rearrangements, and prepaid services, where applicable, are payable upon demand to the Company or its authorized agent. Billing thereafter will include recurring charges and actual usage as defined in this PSA.

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer for transmission of calls via the Company. In particular and without limitation to the foregoing, the Customer is responsible for any and all cost(s) incurred as the result of:

- (a) any delegation of authority resulting in the use of his or her communications equipment and/or network services which result in the placement of calls via the Company;
 - (b) any and all use of the service arrangement provided by the Company, including calls which the Customer did not individually authorize;
 - (c) any calls placed by or through the Customer's equipment via any remote access feature(s);
 - (d) any calls placed via the Company's Travel Service as a result of the Customer's intentional or negligent disclosure of Authorization Codes or PIN numbers assigned to the Customer; and
 - (e) any and all calls placed to an 800/888 service number provided to the Customer by the Company.
-

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.7 Billing and Payment for Service, (Cont'd)

2.7.2 Payment for Service

All charges due by the Customer are payable to the Company or any agent duly authorized to receive such payments. The billing agent may be the Company, a local exchange telephone company, credit card company, or other billing service. Terms of payment shall be according to the rules and regulations of the agent and subject to the rules of regulatory bodies having jurisdiction. Any objections to billed charges must be promptly reported to the Company or its billing agent. Adjustments to Customers' bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

Payments for service provided in association with Company-issued Debit Services must be received by the Company or its authorized agent prior to activation of the Customer's Debit Account. The Company reserves the right to place the Available Balance for the Customer's Debit Account on hold until the check or draft presented for payment clears or is paid.

2.7.3 Late Payment Fees

The Company reserves the right to assess a one time late payment fee of 1.5% for any past due charges. Charges are considered past due if unpaid thirty (30) days following the date of the bill listing the amounts owed by the Customer. Any applicable late payment fees will be assessed according to the terms and conditions of the Company or its billing agent.

2.7.4 Return Check Charge

The Company reserves the right to assess a return check charge of \$25.00 whenever a check or draft presented for payment of service is not accepted by the institution upon which it is written. Any applicable return check charges will be assessed according to the terms and conditions of the Company or its billing agent.

2.7.5 Duplicate Invoice Charge

A Duplicate Invoice Charge of \$25.00 will be applied on a per invoice basis to a Customer who requests a copy of a bill that has already been issued to such Customer, unless the Customer informs the Company, within 15 days of the issuance of the bill, that the original bill was not received. If a Customer or the Customer's representative, thereafter, requests additional copies of bills, a charge will apply for each requested bill.

2.7.6 Low Billing Charge (LBC)

When a business customer's billing falls below \$1,000 per location in any full billing period, a \$2.00 low billing charge per location will be applied. Only charges of the Company will contribute to the \$1,000 LBC threshold. Taxes, surcharges and charges billed by other carriers on the Customer's bill will not contribute to the LBC threshold.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.8 Deposits

The Company reserves the right to examine the credit record of the Customer. If the Customer's financial condition is unknown or unacceptable to the Company, the Customer may be required to provide the Company with a security deposit which the Company may apply against overdue charges.

The amount of the security deposit shall not exceed two months' estimated usage, may vary with the Customer's credit history and projected usage, and be collected and maintained in accordance with Commission rules. The fact that a security deposit has been made in no way relieves the Customer from the prompt payment of bills upon presentation.

If payment or usage patterns change, the Company may request an increase in or resubmission of the deposit as appropriate. The Company may suspend service of the Customer until the Customer provides a deposit to the Company equal to two times the new expected monthly usage.

2.9 Advance Payments

For Customers whom the Company determines an advance payment is necessary, InterGlobe reserves the right to collect an amount not to exceed two (2) months' estimated charges as an advance payment for service. This will be applied against the next month's charges and a new advance payment may be collected for the next month, if necessary.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.10 Taxes and Fees

The Company reserves the right to bill any and all applicable taxes and fees in addition to normal rates and charges for services provided to the customer. Taxes and fees include, but are not limited to: Federal Excise Tax, State Sales Tax, Municipal Tax, and Gross Receipts Tax. Unless otherwise specified in this PSA, such taxes and fees are in addition to rates as quoted in this PSA and will be itemized separately on Customer invoices.

2.11 Terminal Equipment

The Company's facilities and service may be used with or terminated in terminal equipment or communications systems such as a PBX, key system, single line telephone, or pay telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of InterGlobe's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.12 Interconnection

- 2.12.1 Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other common carriers or systems. The Company does not undertake to provide any special facilities, equipment, or services to enable the Customer to interconnect the facilities or the equipment of the Company with services or facilities of other common carriers or with private systems.
- 2.12.2 Interconnection with the services or facilities of other common carriers shall be under the applicable terms and conditions of this PSA and the other common carrier's PSAs.
- 2.12.3 The Customer shall ensure that the facilities or equipment provided by the Customer are properly interconnected with the facilities or equipment of the Company. If the Customer maintains or operates the interconnected facilities or equipment in a manner which results or may result in harm to the Company's facilities, equipment, personnel, or the quality of service, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this written notice fails to eliminate the actual or potential harm, the Company may, upon written notice, terminate the existing service of the Customer.
-

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.13 Inspection, Testing and Adjustment

2.13.1 The Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the terms and conditions of this PSA are being complied with in the installation, operation or maintenance of the Customer's or the Company's facilities or equipment. The Company may interrupt service at any time, without penalty or liability, due to the departure from or reasonable suspicion of the departure from any of these terms and conditions.

2.13.2 Upon reasonable notice, the facilities or equipment provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary for their maintenance in a condition satisfactory to the Company. No interruption allowance shall be granted for the time during which such tests and adjustments are made, unless such interruption exceeds twenty-four hours in length and is requested by the Customer.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.14 Credit Allowances for Interruption of Service

Credit allowances for interruptions of service which are not due to the Company's inspection or testing, to the negligence of the Customer, or to the failure of channels, equipment and/or communications systems provided by the Customer, are subject to the general liability provisions set forth in this PSA.

Credit allowances for interruptions of service caused by service outages or deficiencies are limited to the initial minimum period call charges for re-establishing the interrupted call.

It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer.

Interruptions caused by Customer-provided or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via LEC access.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.15 Cancellation by the Customer

The Customer may have service discontinued upon written notice to the Company, subject to any applicable term agreements. The Company shall hold the Customer responsible for payment of all bills for service furnished until the cancellation date specified by the Customer or until the date that the written cancellation notice is received, whichever is later.

2.16 Refusal or Discontinuance by the Company

Service continues to be provided until canceled by the Customer, in writing, or until discontinued by the Company as set forth below. The Company may render bills subsequent to the termination of service for charges incurred before termination.

2.16.1 For Nonpayment: The Company, by written notice to the Customer and in accordance with applicable law, may discontinue service or cancel an application for service without incurring any liability when there is an unpaid balance for service that is more than 30 days overdue.

2.16.2 For Returned Checks: The Customer whose check or draft is returned unpaid for any reason, after two attempts at collection, shall be subject to discontinuance of service in the same manner as provided for nonpayment of overdue charges.

2.16.3 For Lack of Use: The Company, by written notice to the Customer, may discontinue service in the same manner as provided for nonpayment of overdue charges if after sixty (60) days the service has not been used.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.16 Refusal or Discontinuance by the Company, (Cont'd.)

- 2.16.4 For any violation of law or of any of the provisions governing the furnishing of service under this PSA: The Customer shall be subject to discontinuance of service, without notice, for any violation of any law, rule, regulation or policy of any government authority having jurisdiction over service, or by reason of any order or decision of a court or other government authority having jurisdiction which prohibits the Company from furnishing such service.
- 2.16.5 For the Company to comply with any order or request of any governmental authority having jurisdiction: The Customer shall be subject to discontinuance of service, without notice, for the Company to comply with any order or request of any governmental authority having jurisdiction.
- 2.16.6 For unauthorized or unlawful use of Travel Service numbers and Authorization Codes: Travel Service numbers and Authorization Codes are issued only by the Company to the Customer and may not be sold or otherwise distributed without the written consent of the Company. Any unauthorized or unlawful use of such numbers or codes shall result in the immediate termination of service without notice.
-

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.17 Restoration of Service

If service has been discontinued for nonpayment or as otherwise provided herein and the Customer wishes it continued, service shall, at the Company's discretion, be restored when all past due amounts are paid or the event giving rise to the discontinuance (if other than nonpayment) is corrected.

2.18 8XX Numbers

2.18.1 The Company will make every effort to reserve "8XX" vanity numbers on behalf of customers, but makes no guarantee or warrantee that the requested "8XX" number(s) will be available or assigned to the customer requesting the number.

2.18.2 If a Customer accumulates undisputed past-due charges, the Company reserves the right not to honor the Customer's request for a change in 8XX service to another carrier (e.g., "porting" of the 800 number), including a request for a Responsible Organization (Resp Org) change, until such time as all charges are paid in full.

2.18.3 8XX numbers shared by more than one Customer, whereby individual customers are identified by a unique Personal Identification Number, may not be assigned or transferred for use with service provided by another carrier. Subject to the limitations provided in Section 2.18.2, the Company will only honor Customer requests for change in Resp Org or 8XX service provider for 8XX numbers dedicated to the sole use of that single Customer.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.19 Use of Recording Devices

Customers and Authorized Users who use recording devices do so at their own risk. A Customer or Authorized User may only use a recording device if the Customer or Authorized User complies with the requirements of this section and only if the Customer or Authorized User is able to connect or disconnect the recording device, or turn the recording device on or off, at will.

2.19.1 A Customer or Authorized User may record a conversation if the Customer or Authorized User obtains written or verbal consent to the recording of all parties to the conversation prior to or at the beginning of the conversation.

2.19.2 A distinctive recorder tone must be repeated at intervals of approximately fifteen (15) seconds to alert all parties to the conversation that a recording device is being used.

2.19.3 The requirements of 2.19.1 and 2.19.2 are waived for Broadcast licensees who use a recording device to record a conversation for broadcast if all parties to the conversation are aware that the conversation will be broadcast.

2.20 Miscellaneous Rates and Charges

InterGlobe may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund, the Presubscribed Interexchange Carrier Charge, and compensation to payphone service providers for the use of their payphones to access InterGlobe services.

2.21 Disputed Bills

2.21.1 In the event that a billing dispute occurs concerning any charges billed to the Customer by the Company, the Company may require the Customer to pay the undisputed portion of the bill to avoid discontinuance of service for non-payment. The Customer must submit a documented claim for the disputed amount. The Customer will submit all documentation as may reasonably be required to support the claim. All claims must be submitted to the Company within 90 days of receipt of billing for those services. If the Customer does not submit a claim as stated above, the Customer waives all rights to filing a claim thereafter.

2.21.2 Unless disputed, the invoice shall be deemed to be correct and payable in full by the Customer. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may refer the dispute to the appropriate regulatory agency.

2.21.3 If the dispute is resolved in favor of the Customer and the Customer has withheld the disputed amount, no interest, credits or penalties will apply.

SECTION 3 - SERVICE DESCRIPTIONS AND RATES

3.1 General

InterGlobe offers enhanced, direct-dialed (1+), inbound toll-free, and travel card services for communications between certain points in the United States and international locations under the terms of this PSA.

Direct dial service is offered from originating locations within the mainland United States.

Inbound 8XX service is available to Customers served from locations within the mainland United States. Canada is the only originating location for international calls placed to the Company's 8XX number services within the mainland United States.

When a Customer elects to use the Company's travel card services, calls may be initiated from any location within the United States from which the caller can dial the appropriate access code(s).

Customers are billed based on their use of InterGlobe's network and services. Charges may vary by service offering, mileage band, class of call, time of day, day of week, and/or call duration.

SECTION 3 - SERVICE DESCRIPTION AND RATES, (CONT'D.)

3.2 Call Timing

Billing for calls placed over the Company's network is based in part on the duration of the call.

- 3.2.1 Timing for calls begins when a completed connection is established between the calling station and the called station.
 - 3.2.2 Chargeable time for all calls ends when the calling station hangs up. If the called station hangs up but the calling station does not, chargeable time ends when the connection is released by automatic timing equipment in the telecommunications network.
 - 3.2.3 For billing purposes, minimum call duration periods vary by service and are specified by product or option in subsequent sections of this PSA.
 - 3.2.4 For billing purposes, usage after the initial period varies by service and is specified by product or option in subsequent sections of this PSA. Partial increments are rounded up to the next whole increment.
-

SECTION 3 - SERVICE DESCRIPTION AND RATES, (CONT'D.)

3.3 Calculation of Distance

Usage charges for any mileage sensitive products are based on the airline distance between the rate centers associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the rate centers, as defined in industry publications, in the following manner:

Step 1: Obtain the "V" and "H" coordinates for the rate centers serving the Customer's location and the called/calling station.

Step 2: Obtain the difference between the "V" coordinates. Obtain the difference between the "H" coordinates.

Step 3: Square the differences obtained in Step 2.

Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating locations of the call.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

SECTION 3 - SERVICE DESCRIPTION AND RATES, (CONT'D.)

3.4 Rate Periods

3.4.1 Time of Day Rate Periods

None of the Company's rates are time of day sensitive.

SECTION 4 - MISCELLANEOUS SERVICES AND RATES, (CONT'D.)

4.1 Payphone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate, and international calls that originate from any domestic pay telephone used to access InterGlobe services. This surcharge, which is in addition to standard usage charges and any applicable service charges and surcharges associated with InterGlobe service, applies for the use of the instrument used to access InterGlobe service and is unrelated to the InterGlobe service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Payphone Compensation Charge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Payphone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Payphone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Payphone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

This surcharge is in addition to standard usage charges and any applicable service charges and surcharges associated with the Company's service. The Company's Universal Service Fee factor will match the relevant quarterly Universal Service Contribution Factor approved by the FCC rounded up to the nearest tenth of a percent. Universal Service Contribution Factors are available at <http://www.fcc.gov/omd/contribution-factor.html>.

4.3 Regulatory Recovery Charge

In connection with the Company's costs associated with the ongoing regulatory and compliance obligations, including, but not limited to, the Universal Service Fund, the Company assesses a charge against all retail interstate and international charges, including usage and non-usage charges. This surcharge is in addition to standard usage charges and any applicable service charges and surcharges associated with the Company's service. The Regulatory Recovery Charge factor is 2.74%. **(I)**

Such promotions shall be made available to all similarly situated Customers in the target market area.

5.2 Demonstration of Service

From time to time the Company may demonstrate service for potential customers by providing free use of its network on a limited basis for a period of time, not to exceed one (1) month. Demonstration of service and the type and duration of service provided will be at the Company's discretion.

The terms of the contract may be based partially or completely on the term and volume commitment, type of originating or terminating access, mixture of services or other distinguishing features.
