SECTION 1 - APPLICATION OF TARIFF, (CONT'D.)

1.1 Application of Tariff

This Tariff sets forth the regulations and rates applicable to services provided by InterGlobe as follows:

The furnishing of intrastate communications services by virtue of one-way and/or two-way information transmission between points within the State of New York.

1.1.1 Service Territory

InterGlobe Communications will provide resold service in New York State.

1.1.2 Availability

Service is available where facilities and operating conditions permit.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service

2.1.1 Obligation of the Company

In furnishing facilities and service, the Company does not undertake to transmit messages, but furnishes the use of its facilities to its customers for communications.

The Company's obligation to furnish facilities and service is dependent upon its ability (a) to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment; (b) to secure and retain, without unreasonable expense, suitable space for its plant and facilities in the building where service is or will be provided to the customer; or (c) to secure reimbursement of all costs where the owner or operator of a building demands relocation or rearrangement of plant and facilities used in providing service therein.

The Company shall not be required to furnish, or continue to furnish, facilities or service where the circumstances are such that the proposed use of the facilities or service would tend to adversely affect the Company's plant, property or service.

The Company reserves the right to refuse an application for service made by a present or former customer who is indebted to the Company for service previously rendered pursuant to this Tariff until the indebtedness is satisfied.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.2 Limitations on Liability

(A) Indemnification by Customer

The customer and any authorized or joint users, jointly and severally shall indemnify, defend and hold the Company harmless against claims, loss, damage, expense (including attorneys' fees and court costs) for libel, slander, or infringement of copyright arising from the material transmitted over its facilities; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Company, equipment and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with facilities provided by the Company or the customer. In the event any such infringing use is enjoined, the customer, authorized user or joint user at its option and expense, shall obtain immediately a dismissal or stay of such injunction, obtain a license or other agreement so as to extinguish any claim of infringement, or terminate the claimed infringing use or modify such infringement.

(B) Customer-Provided Equipment

The service and facilities furnished by the Company are subject to the following limitations: the Company shall not be liable for damage arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the facilities of the Company caused by customer-provided equipment or premises wire.

(C) Use of Facilities of Other Companies

When the facilities of other companies are used in establishing a connection, the Company is not liable for any act, error, omission, or interruption caused by the other company or their agents or employees. This includes the provision of a signaling system database by another company.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.3 Use Of Service

Any service provided under this Tariff may be resold to or shared (jointly used) with other persons at the customer's option. The customer remains solely responsible for all use of service ordered by it or billed to its telephone number(s) pursuant to this Tariff, for determining who is authorized to use its service, and for promptly notifying the Company of any unauthorized use. The customer may advise its customers that a portion of its service is provided by the Company, but the customer shall not represent that the Company jointly participates with the customer in the provision of the service.

2.1.4 Use and Ownership of Equipment

The Company's equipment, apparatus, channels and lines shall be carefully used. Equipment furnished by the Company shall remain its property and shall be returned to the Company whenever requested, within a reasonable period following the request, in good condition, reasonable wear and tear accepted. The customer is required to reimburse the Company for any loss of, or damage to, the facilities or equipment on the customer's premises, including loss or damage caused by agents, employees or independent contractors of the customer through any negligence.

Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.5 Directory Errors

In the absence of gross negligence or willful misconduct and except for the allowances stated below, no liability for damages arising from errors or mistakes in or omissions of directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company.

An allowance for errors or mistakes in or omissions of published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator shall be given as follows:

- (A) Free Listings: For free or no-charge published directory listings, credit shall be given at the rate of two times the monthly tariff rate for an additional or charge listing for each individual, auxiliary or party line, or PBX trunk, for the life of the directory or the charge period during which the error, mistake or omission occurs.
- (B) Charge Listings: For additional or charge published directory listings, credit shall be given at the monthly tariff rate for each such listing for the life of the directory or the charge period during which the error, mistake or omission occurs.
- (C) Operator records: For free or charge listings obtainable from records used by the directory assistance operator, upon notification to the Company of the error, mistake or omission in such records by the subscriber, the Company shall be allowed a period of three business days to make a correction. If the correction is not made in that time, credit shall be given at the rate of 2/30ths of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected.

Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.1 Use of Facilities and Service, (Cont'd.)

2.1.5 Directory Errors, (cont'd.)

- (D) Credit limitation: The total amount of the credit provided for the preceding paragraphs 1, 2, and 3 shall not exceed, on a monthly basis, the total of the charges for each charge listing plus the basic monthly rate, as specified in paragraph 3, for the line or lines in question.
- (E) Definitions: As used in Paragraphs 1, 2, 3, and 4 above, the terms "error," "mistake" or "omission" shall refer to a discrepancy in the directory listing or directory assistance records which the Company has failed to correct and where the error affects the ability to locate a particular subscriber's correct telephone number. The terms shall refer to addresses only to the extent that an error, mistake or omission of an address places the subscriber on an incorrect street or in an incorrect community.
- (F) Notice: Such allowances or credits as specified in Paragraphs 1, 2, and 3 above, shall be given upon notice to the Company by the subscriber that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company shall give credit without the requirement of notification by the subscribers.

Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.2 Minimum Period of Service

The minimum period of service is one month except as otherwise provided in this Tariff or in applicable contracts. The customer must pay the regular tariffed rate for the service they subscribe to for the minimum period of service. If a customer disconnects service before the end of the minimum service period, that customer is responsible for paying the regular rates for the remainder of the minimum service period. When the service is moved within the same building, to another building on the same premises, or to a different premises entirely, the period of service at each location is accumulated to calculate if the customer has met the minimum period of service obligation.

(T)
(T)

If service is terminated before the end of the minimum period of service as a result of condemnation of property, damage to property requiring the premises to be abandoned, or by the death of the customer, the customer is not obligated to pay for service for the remainder of the minimum period.

If service is switched over to a new customer at the same premises after the first month's service, the minimum period of service requirements are assigned to the new customer if the new customer agrees in writing to accept them. For facilities not taken over by the new customer, the original customer is responsible for the remaining payment for the minimum service period in accordance with the terms under which the service was originally furnished.

Where a term longer than one month has been specified herein, or in applicable contracts, the initial term will automatically renew for successive one (1) year periods (or as otherwise identified in an applicable contract), unless the Customer notifies InterGlobe in writing of its desire not to renew at least sixty (60) days prior to the expiration of the then-current term, or unless InterGlobe has already provided notice of its intent to terminate the Agreement.

(N)

In the event such an automatic contract renewal is determined to be unenforceable due to applicable state or federal law, the customer will revert to a month-to-month arrangement upon expiration of the initial term at rates specified herein. If month-to-month rates are not available under this tariff, the month-to-month rates charged for the expired term arrangement will equal 1.25 times the monthly rates charged for the service prior to the expiration of the term.

(N)

Staten Island, NY 10309

NY10702

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.3 Flexible Pricing

2.3.1 General

Flexible Pricing sets minimum and maximum rates that can be charged for telephone service. The Company may change a specific rate within the range of the established minimum and maximum rates on one day's notice to customers and the Public Service Commission.

2.3.2 Conditions

- (A) The Company reserves the right to change prices at any time subject to regulatory requirements by filing a revised Rate Attachment with the Commission.
- (B) Individual written notice to Customers of rate changes shall be made in accordance with Commission regulations. Where there are no regulations, notification will be made in a manner appropriate to the circumstances involved.
- (C) A rate shall not be changed unless it has been in effect for at least thirty (30) days.
- (D) A customer can request that the Company disconnect service that is provided under the Flexible Pricing due to a price increase. The customer will be credited for the difference between the new price and the old price retroactive to the effective date of the price increase if the customer notifies the Company of its desire to disconnect service within 20 days of receiving notification of the price increase.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Service Rendered

2.4.1 Responsibility for All Charges

Any applicant for facilities or service may be required to sign an application form requesting the Company to furnish the facilities or service in accordance with the rates, charges, rules and regulations from time to time in force and effect. The customer is responsible for all local and toll calls originating from the customer's premises and for all calls charged to the customer's line where any person answering the customer's line agrees to accept such charge.

2.4.2 Deposits

Subject to special provisions as may be set forth below and in Sections 2.9 and 2.10 of this Tariff, any applicant or customer whose financial responsibility is not established to the satisfaction of the Company may be required to deposit a sum up to an amount equal to the total of the estimated local service and intraLATA toll charges for up to two months for the facilities and service. If the minimum period of service for the requested facilities and service is more than one month, as specified in this Tariff, the customer may also be required to deposit a sum up to an amount equal to the total charges for service for the minimum service period less any connection charge paid by the customer.

The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the Tariff regulations for the prompt payment of bills on presentation. Each applicant from whom a deposit is collected will be given a certificate of deposit and circular containing the terms and conditions applicable to deposits, in accordance with the Rules and Regulations of the Commission pertaining to customer deposits.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Service Rendered, (Cont'd.)

2.4.2 Deposits, (cont'd.)

(A) Interest on Deposits

Simple interest at the rate specified by the Commission shall be credited or paid to the customer while the Company holds the deposit.

(B) Inadequate Deposit

If the amount of a deposit is proven to be less than required to meet the requirements specified above, the customer shall be required to pay an additional deposit upon request.

(C) Return of Deposit

When a deposit is to be returned, the customer may request that the full amount of the deposit be issued by check. If the customer requests that the full amount be credited to amounts owed the Company, the Company will process the transaction on the billing date and apply the deposit to any amount currently owed to the Company, and return any remaining amount of the deposit to the customer by check.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Service Rendered, (Cont'd.)

2.4.3 Payment of Charges

Charges for facilities and service, other than usage charges, are due monthly in advance. All other charges are payable upon request of the Company. Bills are due on the due date shown on the bill and are payable at any business office of the Company, by U.S. Mail, or at any location designated by the Company. If objection is not received by the Company within three months after the bill is rendered, the items and charges appearing thereon shall be determined to be correct and binding upon the customer. A bill will not be deemed correct and binding upon the customer if the Company has records on the basis of which an objection may be considered, or if the customer has in his or her possession such Company records. If objection results in a refund to the customer, such refund will be with interest at the greater of the unadjusted customer deposit rate or the applicable late payment rate, if any, for the service classification under which the customer was billed. Interest will be paid from the date when the customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, compounded monthly, until the overpayment is refunded. Notwithstanding the foregoing, no interest will be paid by the Company on customer overpayments that are refunded within 30 days after the overpayment is received by the Company.

Where an objection to the bill involves a superseded service order, the items and charges appearing on the bill shall be deemed to be correct and binding upon the customer if objection is not received by the Company within two months after the bill is rendered.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Service Rendered, (Cont'd.)

2.4.4 Returned Check Charge

When a check which has been presented to the Company by a customer in payment for charges is returned by the bank, the customer shall be responsible for the payment of a Returned Check Charge of \$20.00.

2.4.5 Late Payment Charges

- (A) Customer bills for telephone service are due on the due date specified on the bill. A customer is in default unless payment is made on or before the due date specified on the bill. If payment is not received by the customer's next billing date, a late payment charge of 1.5% will be applied to all amounts previously billed under this Tariff, excluding one month's local service charge, but including arrears and unpaid late payment charges.
- (B) Late payment charges do not apply to those portions (and only those portions) of unpaid balances that are associated with disputed amounts. Undisputed amounts on the same bill are subject to late payment charges if unpaid and carried forward to the next bill.
- (C) Late payment charges do not apply to final accounts.
- (D) Late payment charges do not apply to government agencies of the State of New York. These agencies are required to make payment in accordance with the provisions of Article XI-A of the State Finance Law (Chapter 153 of the Laws of 1984).

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.4 Payment for Service Rendered, (Cont'd.)

2.4.6 Customer Overpayments

The Company will provide interest on customer overpayments that are not refunded within 30 days of the date the Company receives the overpayment. An overpayment is considered to have occurred when payment in excess of the correct charges for service is made because of erroneous Company billing. The customer will be issued reimbursement for the overpayment, plus interest, or, if agreed to by the customer, credit for the amount will be provided on the next regular Company bill. The rate of interest shall be the greater of the customer deposit interest rate or the Company's applicable Late Payment Charge.

Interest shall be paid from the date when overpayment was made, adjusted for any changes in the deposit rate or late payment rate, and compounded monthly, until the date when the overpayment is refunded. The date when overpayment is considered to have been made will be the date on which the customer's overpayment was originally recorded to the customer's account by the Company.

2.4.7 Duplicate Invoice Charge

A Duplicate Invoice Charge of \$25.00 will be applied on a per invoice basis to a Customer who requests a copy of a bill that has already been issued to such Customer, unless the Customer informs the Company, within 15 days of the issuance of the bill, that the original bill was not received. If a Customer or the Customer's representative, thereafter, requests additional copies of bills, a charge will apply for each requested bill.

(N)

(N)

2.5 Installation Service

The Company provides a Half-Day Installation Plan, which offers customers half-day appointments (i.e., morning/afternoon or a rolling interval) for connection of Commission regulated service involving a customer premise visit. In the case of any inconsistency with the regulations in Part 603.15 of 16 NYCRR for installation service, the rules of the Commission shall prevail.

2.6 Access to Customer's Premises

The customer shall be responsible for making arrangements or obtaining permission for safe and reasonable access for Company employees or agents of the Company to enter the premises of the customer or any joint user or customer of the customer at any reasonable hour for the purpose of inspecting, repairing, testing or removing any part of the Company's facilities.

Effective: June 1, 2006

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

NY10601

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.7 Telephone Surcharges

2.7.1 All state and local taxes (e.g., sales tax) are listed as a separate line item on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff.

2.7.2 To the extent that a municipality, other political subdivision or agency of government, or the Commission imposes upon and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, insofar as practicable and allowed by law, be billed pro rata to Customers receiving service from the Company within the territorial limits of such municipality, other political subdivision or agency of government.

2.7.3 Gross Revenue Surcharge

The Gross Revenue Surcharge is applied monthly as a percentage of the recurring and nonrecurring rates and charges for all intrastate service except returned check charges and late payment charges. The applicable Gross Revenue Surcharge rates are shown on the rate schedule which is at the end of this tariff. Any changes to these rates will be filed on 15 days' notice to customers and the Commission, and as directed by the Commission. Whenever the state levies a new tax on the Company's gross revenues, repeals such a tax, or changes the rate of such a tax, the Commission may approve new surcharge factors, and the Company will file a revised surcharge as directed or approved by the Commission.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.7 Telephone Surcharges, (Cont'd.)

2.7.4 MTA Surcharge

The MTA Surcharge is applied monthly as a percentage of the recurring and nonrecurring rates and charges for all intrastate services except returned check charges and late payment charges. The applicable MTA Surcharge rate for affected areas is shown on the rate schedule which is at the end of this tariff. Any changes to these rates will be filed on 15 days' notice to Customers and the Commission, and as directed by the Commission. Whenever the state levies a new tax on the Company's gross revenues, repeals such a tax, or changes the rate of such a tax, the Commission may approve new surcharge factors, and the Company will file a revised surcharge as directed or approved by the Commission.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service

2.8.1 Suspension or Termination for Nonpayment

In the event that any bill rendered or any deposit required is not paid, the Company may suspend service or terminate service until the bill or the required deposit has been paid. If service is suspended or terminated for nonpayment, the customer will be billed a Connection Charge as well as any payment due and any applicable deposits upon reconnection.

- (A) Termination shall not be made until at least 20 days after written notification has been mailed to the billing address of the customer.
- (B) Suspension will not be made until at least 8 days after written notification has been mailed to the customer and 20 days before the termination notice.

Telephone service shall only be suspended during the hours between 8:00 AM and 4:00 PM, Monday through Thursday. It shall not be suspended or terminated for nonpayment on weekends, public holidays, other federal and state holidays proclaimed by the President or the Governor, or on days when the main business office of the Company is not open for business, or during the periods from December 23rd through December 26th or December 30th through January 1st.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service, (Cont'd.)

2.8.2 Exceptions to Suspension and Termination

Telephone service shall not be suspended or terminated for:

- (A) Nonpayment of bills rendered for charges other than telephone service or deposits requested in connection with telephone service;
- (B) Nonpayment for service for which a bill has not been rendered;
- (C) Nonpayment for services which have not been rendered;
- (D) Nonpayment of any billed charge which is in dispute or for the nonpayment of a deposit which is in dispute during the period before a determination of the dispute is made by the Company in accordance with Company's complaint handling procedures. These procedures are in accordance with the Public Service Commission Rules and Regulations contained in Part 609 of 16 NYCRR.

Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the customer does not pay the undisputed portion after being asked to do so.

- (E) Nonpayment of backbilled amounts as outlined in 2.10.12.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service, (Cont'd.)

2.8.3 Verification of Nonpayment

Telephone service shall not be suspended or terminated for nonpayment of a bill rendered or a required deposit unless:

- (A) The Company has verified, in a manner approved by the Public Service Commission, that payment has not been received at any office of the Company or at any office of an authorized collection agent through the end of the period indicated in the notice, and
- (B) The Company has checked the customer's account on the day that suspension or termination is to occur to determine whether payment has been posted to the customer's account as of the opening of business on that day.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service, (Cont'd.)

2.8.4 Termination For Cause Other Than Nonpayment

(A) General

The Company, after notice in writing to the customer and after having given the customer an appropriate opportunity to respond to such notice, may terminate service and sever the connection(s) from the customer's premises under the following conditions:

- (1) in the event of prohibited, unlawful or improper use of the facilities or service, or any other violation by the customer of the rules and regulations governing the facilities and service furnished, or
- (2) if, in the judgment of the Company, any use of the facilities or service by the customer may adversely affect the Company's personnel, plant, property or service. The Company shall have the right to take immediate action, including termination of the service and severing of the connection, without notice to the customer when injury or damage to telephone personnel, plant, property or service is occurring, or is likely to occur, or
- (3) in the event of unauthorized use, where the customer fails to take reasonable steps to prevent the unauthorized use of the facilities or service received from the Company, or
- (4) in the event that service is connected for a customer who is indebted to the Company for service or facilities previously furnished, that service may be terminated by the Company unless the customer satisfies the indebtedness within 20 days after written notification. See Section 2.10.7 regarding Deferred Payment Agreements.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service, (Cont'd.)

2.8.4 Termination For Cause Other Than Nonpayment, (cont'd.)

(B) Prohibited, Unlawful or Improper Use of the Facilities or Service

Prohibited, unlawful or improper use of the facilities or service includes, but is not limited to:

- (1) The use of facilities or service of the Company without payment of tariff charges;
- (2) Calling or permitting others to call another person or persons so frequently or at such times of the day or in such manner as to harass, frighten, abuse or torment such other person or persons;
- (3) The use of profane or obscene language;
- (4) The use of the service in such a manner such that it interferes with the service of other customers or prevents them from making or receiving calls;
- (5) The use of a mechanical dialing device or recorded announcement equipment to seize a customer's line, thereby interfering with the customer's use of the service;
- (6) Permitting fraudulent use.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service, (Cont'd.)

2.8.4 Termination For Cause Other Than Nonpayment, (cont'd.)

(C) Abandonment or Unauthorized Use of Facilities

- (1) If it is determined, via on-premises inspection or other such means, that facilities have been abandoned, or are being used by unauthorized persons, or that the customer has failed to take reasonable steps to prevent unauthorized use, the Company may terminate telephone service. (T)
- (2) In the event that telephone service is terminated for abandonment of facilities or unauthorized use and service is subsequently restored to the same customer at the same location:
- (a) No charge shall apply for the period during which service had been terminated, and
 - (b) Reconnection charges will apply when service is restored. However, no charge shall be made for reconnection if the service was terminated due to an error on the part of the Company.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.8 Suspension or Termination of Service, (Cont'd.)

2.8.4 Termination For Cause Other Than Nonpayment, (cont'd.)

(D) Change in the Company's Ability to Secure Access

Any change in the Company's ability (a) to secure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment or (b) to secure and retain suitable space for its plant and facilities in the building where service is provided to the customer may require termination of a customer's service until such time as new arrangements can be made. No charges will be assessed the customer while service is terminated, and no connection charges will apply when the service is restored.

2.8.5 Emergency Termination of Service

The Company will immediately terminate the service of any customer, on request, when the customer has reasonable belief that the service is being used by an unauthorized person or persons. The Company may require that the request be submitted in writing as a follow-up to a request made by telephone.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.9 Additional Provisions Applicable to Business Customers

2.9.1 Application of Rates

- (A) Business rates as described in Section 7 and shown in Attachment B apply to service furnished:
 - (1) In office buildings, stores, factories and all other places of a business nature;
 - (2) In hotels, apartment houses, clubs and boarding and rooming houses except when service is within the customer's domestic establishment and no business listings are provided; colleges, hospitals and other institutions; and in churches except when service is provided to an individual of the clergy for personal use only and business service is already established for the church at the same location;
 - (3) At any location when the listing or public advertising indicates a business or a profession;
 - (4) At any location where the service includes an extension which is at a location where business rates apply unless the extension is restricted to incoming calls;
 - (5) At any location where the customer resells or shares exchange service;
- (B) The use of business facilities and service is restricted to the customer, customers, agents and representatives of the customer, and joint users.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President

Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.9 Additional Provisions Applicable to Business Customers, (Cont'd.)

2.9.2 Telephone Number Changes

When a business customer requests a telephone number change, the referral period for the disconnected number is 180 days.

When service in an existing location is continued for a new customer, the existing telephone number may be retained by the new customer only if the former customer consents in writing, and if all charges against the account are paid or assumed by the new customer.

2.9.3 Deposits

Deposits will be returned to a business customer upon cancellation of service or after one year, whichever event occurs first, unless the customer is delinquent in payment, in which case the Company will continue to retain the deposit until the delinquency is satisfied. If a service is involuntarily discontinued, the deposit is applied against the final bill, and any balance is returned to the customer.

2.9.4 Dishonored Checks

If a business customer who has received a notice of discontinuance pays the bill with a check that is subsequently dishonored, the account remains unpaid and the Company is not required to issue any additional notice before disconnecting service.

2.9.5 Low Billing Charge (LBC)

When a business customer's billing falls below \$1,000 per location in any full billing period, a \$2.00 low billing charge per location will be applied. Only charges of the Company will contribute to the \$1,000 LBC threshold. Taxes, surcharges and charges billed by other carriers on the Customer's bill will not contribute to the LBC threshold.

NY10601

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers

2.10.1 Application of Rates

Residential rates as described in Section 6 and shown in Attachment B apply to service furnished in private homes or apartments (including all parts of the customer's domestic establishment) for domestic use. Residential rates also apply in college fraternity or sorority houses, convents and monasteries, and to the clergy for domestic use in residential quarters.

Residential rates do not apply to service in residential locations if the listing indicates a business or profession. Residential rates do not apply to service furnished in residential locations if there is an extension line from the residential location to a business location unless the extension line is limited to incoming calls.

The use of residential service and facilities is restricted to the customer, members of the customer's domestic establishment, and joint users.

2.10.2 Telephone Number Changes

When a residential customer requests a telephone number change, the referral period for the disconnected number is 90 days.

When service in an existing location is continued for a new customer, the existing number may be retained by the new customer only if the former customer consents in writing, and if all charges against the account are paid or assumed by the new customer.

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.3 Deposits

(A) General

Except as provided in (B) following, the Company may require a deposit, as described in Section 2.4.2 of this Tariff, from a residential customer who is applying for service if the customer: 1) has had service terminated for nonpayment once within the preceding six month period, or 2) is delinquent in payment. A customer is delinquent in payment if that customer has received two consecutive telephone bills without making payment of at least one-half the total arrears due on the due date of the second bill. A customer is not considered delinquent, however, if an amount in dispute is not paid before the dispute is resolved.

An existing customer is an applicant for service who was a customer of the Company within twelve months of making the request, provided that prior service was not terminated for nonpayment, unless service is requested within 10 days of such termination for nonpayment. Applicants for residential service and existing residential customers are permitted to pay deposits in installments over a period not to exceed 6 months.

A new customer is an applicant for service who has not been a customer of the Company within twelve months of making the request for service. A new customer shall not be required to post a security deposit as a condition of receiving telephone service.

A seasonal customer is an individual who applies for and receives telephone service periodically each year, intermittently during the year or at other regular intervals scheduled at the time of application. A seasonal customer may be required to post a deposit.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.3 Deposits, (cont'd.)

(B) Customers Exempt from Deposits

- (1) A new customer or existing customer who is 62 years of age or older shall be exempt from any deposit requirement unless such person's telephone service was terminated for nonpayment during the preceding six months. Proof of age will be required from any person claiming exemption from deposit requirements because of age. If the proof requested by the Company is not received within 30 days from the date service is connected, or 30 days from the date that verification of age is requested from an existing customer, the Company may suspend or terminate service unless the customer pays the required deposit. Any new customer or existing customer 62 years of age or older shall be permitted to pay a deposit in installments over a period not to exceed 12 months.
- (2) The Company shall not require any person it knows to be a recipient of public assistance, supplemental security income or additional state payments to post a deposit.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.3 Deposits, (cont'd.)

(C) Recent Payment History

A customer who has a recent payment history (within the preceding twelve months) with the Company is entitled to service without payment of a deposit unless their records indicate that they are delinquent in payment or have had service terminated for nonpayment. A customer who still owes money to the Company for residential service on a prior account shall be offered a deferred payment plan provided that the customer had service for three months and was not terminated for nonpayment during that period. (See Deferred Payment Agreements, 2.10.7 below.)

A new deposit from a residential customer is reviewed after the first 3 monthly bills have been rendered; if too much has been taken, the excess is returned. The entire deposit is returned to a residential customer after 1 year, unless the customer is delinquent in payment, in which case the Company may continue to retain the deposit until the delinquency is satisfied. If the service is discontinued, the deposit is applied against the final bill, and any balance is returned to the customer.

2.10.4 Installment Billing For Nonrecurring Charges

A residential customer may elect to pay service connection and other nonrecurring charges associated with a service order in monthly installments for up to a 12 month period. When installment billing is requested, all nonrecurring charges associated with a given service order will be included in the calculation of the monthly installment.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.4 Installment Billing For Nonrecurring Charges, (cont'd.)

Installment billing is subject to the following restrictions:

- (A) Installment billing may be used only by residential customers;
- (B) Charges will be billed in the number of installments of equal dollar amounts as requested by the customer up to a maximum of 12 installments over the course of 12 months;
- (C) A customer may not pay a portion of the charges and then request installment billing for the remaining charges;
- (D) More than one installment plan may be in effect for the same customer at the same time;
- (E) If a customer disconnects service during the installment payment period, all unbilled charges will be included in the final bill rendered;
- (F) A customer may elect to pay the unbilled charges before the expiration of the installment plan;
- (G) Installment billing payments will continue even when an account is temporarily suspended;
- (H) No interest or carrying charges will be applied to the outstanding balance during the installment period.

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.5 Adjusted Payment Schedule

A customer on a fixed income (e.g., pension and public assistance) shall be offered the opportunity to pay his or her bills on a reasonable schedule that is adjusted for periodic receipt of income.

2.10.6 Suspension or Termination for Nonpayment

- (A) Suspension/termination notices may not be issued until at least 25 days after the date of the bill. Bills must be mailed to the customer no later than 6 business days after the date of the bill.
- (B) After issuing the written notification in accordance with 2.8.1, at least one attempt shall be made during non-working hours to contact the residential customer by telephone before the scheduled date of suspension/termination.
- (C) Suspension/termination may occur only between the hours of 8 a.m. and 4 p.m. Monday through Thursday, provided that such day or the following day is not a public holiday or a day on which the main office is closed. In addition, service may not be disconnected during the periods of December 23 through the 26 and December 30 through January 2.
- (D) Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the customer does not pay the undisputed portion after being asked to do so. Suspended or terminated residential service shall be reconnected within 24 hours following payment or within 24 hours of the end of circumstances beyond the Company's control which delay the reconnection. The Commission may direct that service be reconnected in less than 24 hours.

Issued: November 22, 2002

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.7 Deferred Payment Agreements

Service will not be suspended or terminated unless the customer has been advised that a deferred payment plan can be arranged. An existing residential customer with three or more months service and for whom service has not been terminated for nonpayment is eligible for Deferred Payment Arrangements (DPA). The Company must offer an eligible customer a DPA in accordance with the Commission's order in Case 90-C-1148 issued on August 7, 1992. Final notice of suspension/termination will advise the customer of deferred payment arrangements and will include, in bold print, a notice that assistance in reaching an agreement may be obtained from the Commission. The DPA notice will be mailed no less than six days before termination of total service.

A Deferred Payment Agreement will be for a period agreed to by both the customer and the Company.

If the Company believes that the customer has the resources to pay the bill, it shall notify both the customer and the Commission in writing of the reasons for its belief. The Commission shall make the final determination as to whether a DPA should be provided. A customer with medical emergencies and a customer who is elderly, blind or disabled shall be exempt from such eligibility criteria.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.8 Dishonored Checks

When a check received from a residential customer is dishonored, the company shall make two attempts, one outside of normal business hours, to contact the customer within 24 hours. The customer shall be given an additional 24 hours to pay before suspension/termination. The additional notice will be given provided that the customer has not submitted a dishonored check within the past 12 months.

2.10.9 Suspension or Termination - Abandonment

Suspension/termination of residential service for abandonment or unauthorized use may occur only after the Company makes a reasonable attempt to determine occupancy or authorized use, or the customer takes reasonable steps to prevent unauthorized use. A notice must be sent to the customer five days before such suspension or termination. The notification requirement is waived when previous mailings are returned by the Post Office or the company is advised that a new customer has moved into the location.

2.10.10 Suspension or Termination - Medical Emergencies

In the event of a medical emergency as defined in 16NYCRR, Sec. 633.5, an additional 30 days will be allowed for a residential customer before suspension or termination. A medical certificate as defined in 16NYCRR, Sec. 633.5, must be supplied. The medical emergency status may be extended beyond 30 days upon submission of specified documentation. During the emergency, the customer will be able to defer payment of monthly charges up to an amount specified by the Commission until the emergency ceases or it is determined that the customer has the ability to pay the charges. Charges in any month in excess of the amount specified are due by the due date of the bill.

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.10 Additional Provisions Applicable to Residential Customers, (Cont'd.)

2.10.11 Suspension or Termination - Elderly, Blind or Disabled

An additional 20 days will be allowed before suspension or termination may occur when:

- (A) the customer is known to or identified to the Company as being blind or disabled, as defined in 16NYCRR, Sec. 633.5, or
- (B) the customer is 62 years of age or older, and all other residents of the customer's household are: under 18 years of age, over 62 years of age, blind or disabled.

In cases where service has been suspended or terminated and the Company subsequently learns that the customer is entitled to the protection established herein, the Company shall within 24 hours of such notification restore service for an additional 20 days and make a diligent effort to contact in person an adult resident at the customer's premises for the purpose of devising a payment plan.

2.10.12 Backbilling for Residential Customers

The Company shall not charge a residential customer for previously unbilled service or adjust upward a bill previously rendered when the period for the unbilled service or billing adjustment is more than six months prior to the mailing of the bill or the upward adjustment unless the conduct of the customer caused or contributed to the failure of the Company to render timely accurate billing. Unless the customer causes the late billing, the Company shall explain the reason for the late billing and shall advise the customer that suspension/termination of service is not permitted for charges billed in excess of six months after the service was provided. The customer will be given the opportunity to pay the charges under an installment plan on a schedule equal in time to the length of the backbilling period.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Allowances for Interruptions in Service

Interruptions in service, which are not due to the negligence of, or non-compliance with the provisions of this Tariff by the Customer, or the operation or malfunction of the facilities, power, or equipment provided by the Customer, will be credited to the Customer as set forth below for the part of the service that the interruption affects. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this Tariff.

2.11.1 Credit for Interruptions

- (A) An interruption period begins when the Customer reports a service, facility, or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility, or circuit is operative. If the Customer reports a service, facility, or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- (B) For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Allowances for Interruptions in Service, (Cont'd.)

2.11.1 Credit for Interruptions, (cont'd.)

(C) A credit allowance will be given, upon request of the customer to the business office, for interruptions of 30 minutes or more. Credit allowances will be calculated as follows:

- (1) if interruption continues for less than 24 hours:
 - (a) 1/30th of the monthly rate if it is the first interruption in the same billing period.
 - (b) 2/30ths of the monthly rate if there was a previous interruption of at least 24 hours in the same billing period.
- (2) if interruption continues for more than 24 hours:
 - (a) if caused by storm, fire, flood or other condition out of Company's control, 1/30th of the monthly rate for each 24 hours of interruption.
 - (b) for other interruption, 1/30 of the monthly rate for the first 24 hours and 2/30ths of such rate for each additional 24 hours (or fraction thereof); however, if service is interrupted for over 24 hours, more than once in the same billing period, the 2/30ths allowance applies to the first 24 hours of the second and subsequent interruptions

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Allowances for Interruptions in Service, (Cont'd.)

2.11.1 Credit for Interruptions, (cont'd.)

(D) Credit to Customer

Credits attributable to any billing period for interruptions of service shall not exceed the total charges for that period for the service and facilities furnished by the Company rendered useless or substantially impaired.

(E) "Interruption" Defined

For the purpose of applying this provision, the word "interruption" shall mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network and/or switching capacity shortages. Nor shall the interruption allowance apply where service is interrupted by the negligence or willful act of the subscriber or where the Company, pursuant to the terms of the Tariff, suspends or terminates service because of nonpayment of bills due to the company, unlawful or improper use of the facilities or service, or any other reason covered by the Tariff. No allowance shall be made for interruptions due to electric power failure where, by the provisions of this Tariff, the subscriber is responsible for providing electric power. Allowance for interruptions of message rate service will not affect the subscriber's local call allowance during a given billing period.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Allowances for Interruptions in Service, (Cont'd.)

2.11.1 Credit for Interruptions, (cont'd.)

(E) (cont=d.)

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

Interruptions Over 24 Hours and Less than 72 Hours. Interruptions over 24 hours and less than 72 hours will be credited 1 full day for each 24 hour period or fraction thereof. No more than one full day's credit will be allowed for any period of 24 hours.

Interruptions Over 72 Hours. Interruptions over 72 hours will be credited 2 days for each full 24-hour period. No more than 30 days' credit will be allowed for any one month period.

(F) Credit to Customer

Credits attributable to any billing period for interruptions of service shall not exceed the total charges for that period for the service and facilities furnished by the Company rendered useless or substantially impaired.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.11 Allowances for Interruptions in Service, (Cont'd.)

2.11.2 Limitations on Credit Allowances

No credit allowance will be made for:

- (A) interruptions due to the negligence of, or non-compliance with the provisions of this Tariff, by any party other than the Company, including but not limited to the customer, authorized user, or other common carriers connected to, or providing service connected to, the service of the Company or to the Company's facilities;
- (B) interruptions due to the failure or malfunction of non-Company equipment, including service connected to customer provided electric power;
- (C) interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- (D) interruptions of service during any period when the customer has released service to the Company for maintenance purposes or for implementation of a customer order for a change in service arrangements;
- (E) interruptions of service due to circumstances or causes beyond the control of the Company.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.12 Automatic Number Identification

2.12.1 Regulations

The Company will provide Automatic Number Identification (ANI) associated with an intrastate service, by tariff, to any entity (ANI recipient), only under the following terms and conditions:

- (A) The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance, and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.
- (B) The ANI recipient may offer to any telephone subscriber with whom the ANI recipient has an established customer relationship, a product or service that is directly related to products or service previously purchased by the telephone subscriber from the ANI recipient.
- (C) The ANI recipient or its designated billing agent is prohibited from utilizing ANI information to establish marketing lists or to conduct outgoing marketing calls, except as permitted by the preceding paragraph, unless the ANI recipient obtains the prior written consent of the telephone subscriber permitting the use of ANI information for such purposes. The foregoing provisions notwithstanding, no ANI recipient or its designated billing agent may utilize ANI information if prohibited elsewhere by law.
- (D) The ANI recipient or its designated billing agent is prohibited from reselling, or otherwise disclosing ANI information to any other third party for any use other than those listed in Provision 1, unless the ANI recipient obtains the prior written consent of the subscriber permitting such resale or disclosure.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.12 Automatic Number Identification, (Cont'd.)

2.12.1 Regulations, (cont'd.)

- (E) Violation of any of the foregoing terms and conditions by any ANI recipient other than a Telephone Corporation shall result, after a determination through the Commission's complaint process, in suspension of the transmission of ANI by the Telephone Corporation until such time as the Commission receives written confirmation from the ANI recipient that the violations have ceased or have been corrected. If the Commission determines that there have been three or more separate violations in a 24 month period, delivery of ANI to the offending party shall be terminated under terms and conditions determined by the Commission.

2.12.2 Terms and Conditions

Violation of any of the foregoing terms and conditions by a Telephone Corporation may result in Commission prosecution of penalty and enforcement proceedings pursuant to Section 24, 25 and 26 of the Public Service Law.

SECTION 2 - GENERAL RULES AND REGULATIONS, (CONT'D.)

2.13 Discount Plans

The rates identified herein are base-level rates. Discount rate plans are available. Discounts are applied to the base-level rates with the remaining rate rounded up to the next one cent. Certain rate elements may be identified herein as non-discountable.

Discounts may be based upon term, volume, or service bundling agreement as specified by the Customer.

The following services and/or charges are not eligible for discounted pricing:

- End User Common Line charge
- End User Port Charge
- Directory Assistance
- Operator Services
- Usage Sensitive Features
- Switched and Dedicated Long Distance and Toll Free Service
- Calling Card Service
- Public/Pay Telephone Surcharge

2.14 Disputed Bills

- A. In the event that a billing dispute occurs concerning any charges billed to the Customer by the Company, the Company may require the Customer to pay the undisputed portion of the bill to avoid discontinuance of service for non-payment. The Customer must submit a documented claim for the disputed amount. The Customer will submit all documentation as may reasonably be required to support the claim. All claims must be submitted to the Company within 90 days of receipt of billing for those services. If the Customer does not submit a claim as stated above, the Customer waives all rights to filing a claim thereafter.
- B. Unless disputed the invoice shall be deemed to be correct and payable in full by the Customer. If the Customer is unable to resolve any dispute with the Company, then the Customer may file a complaint with the New York Public Service Commission, Three Empire State Plaza, Albany, New York 12223.
- C. If the dispute is resolved in favor of the Customer and the Customer has withheld the disputed amount, no interest credits or penalties will apply.

SECTION 3 - CONNECTION CHARGES, (CONT'D.)

3.1 Service Order Charge

3.1.1 General

A Service Order Charge is a nonrecurring charge which applies per customer order for connections, moves, changes of service or telephone number, and where line installation, connection, initial or other one time charges apply

	<u>Business</u>	<u>Residence</u>
Minimum:	\$ 5.00	\$ 5.00
Maximum:	\$80.00	\$40.00

3.1.2 Exceptions to the Charge

- (A) No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the customer's exchange.
- (B) No charge applies for one change in the class of residence service, provided that the change is ordered within 90 days of the initial connection of the customer's exchange service.
- (C) From time to time the Company may waive or reduce the Connection Charge in conjunction with a special limited promotion.

Issued: November 22, 2002

Effective: December 6, 2002

SECTION 3 - CONNECTION CHARGES, (CONT'D.)

3.2 Restoral Charge

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment but before cancellation of the service, as deemed in Section 1 of this Tariff.

	<u>Business</u>	<u>Residence</u>
Minimum:	\$ 5.00	\$ 5.00
Maximum:	\$80.00	\$80.00

(I)

3.3 Change Charges

Record Order: A Record Order Charge applies per line/trunk to miscellaneous customer requested changes where changes in company records are involved.

Line Change Charge: A Line Change Charge applies per customer request to each change in type, grade, or class of service, change in telephone number, or temporary suspension of service.

Residence Charge per:	<u>Record Order</u>	<u>Line Change</u>
Minimum:	\$ 5.00	\$ 5.00
Maximum:	\$50.00	\$50.00
Business Charge per:	<u>Record Order</u>	<u>Line Change</u>
Minimum:	\$ 5.00	\$ 5.00
Maximum:	\$75.00	\$75.00

3.4 CO Line/Trunk Connection Charges

	<u>Business</u>	<u>Residence</u>
Minimum:	\$ 5.00	\$ 5.00
Maximum:	\$100.00	\$75.00

SECTION 4 - INTRALATA TOLL USAGE AND MILEAGE CHARGES, (CONT'D.)

4.1 General

4.1.1 Description

IntraLATA toll service is furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

IntraLATA toll calling includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special toll billing, requests to notify of time and charges, person to person calling and other station to station calls.

4.1.2 Classes of Calls

Service is offered as two classes: station to station calling and person to person calling.

- (A) Station to Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
- (B) Person to Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.

SECTION 4 - INTRALATA TOLL USAGE AND MILEAGE CHARGES, (CONT'D.)

4.2 Timing of Calls

- 4.2.1 Unless otherwise indicated, all calls are timed in one minute increments and all calls which are fractions of a minute are rounded up to the next whole minute.
- 4.2.2 For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.
- 4.2.3 For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.
- 4.2.4 Call timing ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.
- 4.2.5 Calls originating in one time period as defined in Section 4.3 and terminating in another will be billed the rates in effect at the beginning of each minute.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 4 - INTRALATA TOLL USAGE AND MILEAGE CHARGES, (CONT'D.)

4.3 Time Periods Defined

Unless otherwise indicated in this Tariff, the following time periods apply for intraLATA toll calling.

4.3.1 Day: 8:00 a.m. to, but not including, 5:00 p.m. - Monday through Friday

4.3.2 Evening: 5:00 p.m. to, but not including, 11:00 a.m. - Sunday through Friday

4.3.3 Night/Weekend 11:00 p.m. to, but not including 8:00 a.m. - All days
8:00 a.m. to, but not including 11:00 p.m. - Saturday
8:00 a.m. to, but not including 5:00 p.m. - Sunday

4.3.4 Holidays include Christmas, New Year's Day, Thanksgiving, Independence Day, and Labor Day.

4.3.5 All times refer to local time.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 4 - INTRALATA TOLL USAGE AND MILEAGE CHARGES, (CONT'D.)

4.4 Regulations and Computation of Mileage

Calls for which rates are mileage sensitive are rated on the airline distance between the originating rate center and the terminating rate center.

4.4.1 Originating Rate Center

A customer's primary local exchange number includes an NXX code that is associated with a specific rate center. The originating point of all calls charged to that customer's account shall be the location of the customer's rate center.

4.4.2 Terminating Rate Center

The terminating point for all calls shall be the location of the local rate center associated with the called number.

4.4.3 Calculation of Mileage

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between any two rate centers is determined as follows:

Issued: November 22, 2002

Effective: December 6, 2002

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 4 - INTRALATA TOLL USAGE AND MILEAGE CHARGES, (CONT'D.)

4.4 Regulations and Computation of Mileage, (Cont'd.)

4.4.3 Calculation of Mileage, (cont'd.)

Airline mileage, where mileage is the basis for rating calls, is obtained by using the "V" and "H" coordinates assigned to each rate center and contained in NECA FCC Tariff No. 4 or successor tariffs. To determine the airline distance between any two locations, proceed as follows:

- (A) Obtain the "V" and "H" coordinates for each location. The "V" coordinate is the first four digits in the "VH" column. The "H" coordinate is the next four digits.
- (B) Obtain the difference between the "V" coordinates of each of the locations. Obtain the difference between the "H" coordinates.
- (C) Square each difference obtained in step b., above.
- (D) Add the square of the "V" difference and the "H" difference obtained in step c., above.
- (E) Divide the sum of the square by 10. Round to the next higher whole number if any fraction is obtained.
- (F) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

Formula:

$$\sqrt{\frac{(v_1 v_2)^2 + (h_1 h_2)^2}{10}}$$

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 4 - INTRALATA TOLL USAGE AND MILEAGE CHARGES, (CONT'D.)

4.5 Call Charges

Rates are based on the duration of the call as measured according to Section 4.2 above, time of day rate period of the call as described in Section 4.3 and the airline mileage between points of the call as described in Section 4.4. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Charges for all classes of calls may be to the calling station, to the called station when the called party agrees to accept the charges, to an authorized telephone number which is not the called station or the calling station (3rd number billing), or to an authorized calling card.

4.5.1 Usage Charges

Minimum:

Rates may be reduced selectively and in varying amounts, down to incremental cost, on one day's notice to customers and the Public Service Commission.

Maximum:

<u>Mileage</u>	DAY		EVENING		NIGHT/WEEKEND	
	1st	Add'l	1st	Add'l	1st	Add'l
	<u>Min.</u>	<u>Min.</u>	<u>Min.</u>	<u>Min.</u>	<u>Min.</u>	<u>Min.</u>
1-8	\$.350	\$.350	\$.350	\$.350	\$.350	\$.350
9-13	\$.350	\$.350	\$.350	\$.350	\$.350	\$.350
14-44	\$.350	\$.350	\$.350	\$.350	\$.350	\$.350

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.1 Custom Calling Service

5.1.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

5.1.2 Description of Features

(A) Three Way Calling/Call Hold

The Three Way Calling feature allows a customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.1 Custom Calling Service, (Cont'd.)

5.1.2 Description of Features, (cont'd.)

(B) Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another customer-specific line. The customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding - Busy automatically reroutes an incoming call to a customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer automatically reroutes an incoming call to a customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding - Variable allows the customer to choose to reroute incoming calls to another specified telephone number. The customer must activate and deactivate this feature.

(C) Call Waiting/Cancel Call Waiting

Call Waiting provides a tone signal to indicate to a customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the customer disconnects from the call.

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.1 Custom Calling Service, (Cont'd.)

5.1.2 Description of Features, (cont'd.)

(D) Distinctive Ringing

This feature enables a user to determine the source of an incoming call from a distinctive ring. The user is provided with up to two additional telephone numbers.

(E) Regular Multiline Hunting

This feature is a line hunting arrangement that provides sequential search of available numbers within a multiline group.

(F) Speed Calling

This feature allows a user to dial selected numbers using one or two digits. Up to eight numbers (single digit, or thirty numbers with two digits) can be selected.

(G) Intercept

This service provides a recorded message indicating a new number and address.

(B) Connection Charges

Connection charges as described in this tariff may apply when a customer requests connection to one or more custom calling features.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)**5.2 CLASS Services****5.2.1 General**

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all CLASS services. Transmission levels may not be sufficient in all cases.

5.2.2 Description of Features**(A) Caller ID**

The Caller ID feature allows a Customer to see a caller's name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the name, number, date and time of each incoming call - including calls that aren't answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

(B) Caller ID with Name

Caller ID with name provides the caller's name in addition to the telephone number from which an incoming call originates, including names and number associated with non-published and non-listed service. The name and calling number are displayed on customer-provided premises equipment attached to the Customer's telephone line. Customers subscriber to Caller ID with Name will also be provided automatically with the Anonymous Call Rejection feature.

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.2 CLASS Services, (Cont'd.)

5.2.2 Description of Features, (cont'd.)

(C) Repeat Dialing

The Repeat Dialing feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer. The Repeat Dialing feature also allows Customers, having reached a busy number, to dial a code before hanging up. The Repeat Dialing feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be automatically redialed:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.2 CLASS Services, (Cont'd.)

5.2.2 Description of Features, (cont'd.)

(D) Call Return

The Customer may either automatically return the most recent incoming call or receive an audible announcement of the telephone number, date and time of the last incoming call by dialing a special code. The Customer also has the option of having the call automatically returned for a maximum of 30 minutes without tying up the Customer's telephone. Should the line become idle during this process and the Call Return's Customer's line is available to complete the call, there is a distinctive ringing signal to alert the Customer that the call can be completed.

(E) Per-Call Blocking

Per-Call Blocking prevents display of the calling number to a Caller ID, Call Waiting ID or Call Manager Subscriber, and of the calling name and number to a Caller ID with Name, Call Waiting ID with Name or Call manager with Name Subscriber for a single call. The Customer must dial a special code before dialing the called number.

(F) All-Call Blocking

All-Call Blocking prevents display of the calling number to a Caller ID, Call Waiting ID or Call Manager Subscriber, and of the calling name and number to a Caller ID with Name, Call Waiting ID with Name, or Call Manager with Name Subscriber on all calls made from a particular line, unless the feature is disabled. Nonrecurring charges may apply.

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.2 CLASS Services, (Cont'd.)

5.2.2 Description of Features, (cont'd.)

(G) Call Trace

Call Trace allows Customers to key in a code that alerts the network to trace the last call received. The traced telephone number is automatically sent to the company for storage for a limited amount of time and is retrievable by legally constituted authorities upon proper request by them. By contacting the company the Customer can use this application to combat nuisance calls.

(H) Anonymous Call Rejection

Allows a Customer to redirect incoming calls for which calling name and number display has been suppressed through the use of Per-Call Blocking or All-Call Blocking, to an announcement indicating that the Customer is not presently accepting such calls. The Customer may activate and deactivate the feature by dialing a code.

(I) Call Waiting ID

This feature is designed for use by Call Waiting Subscribers and augments Call Waiting. It allows a Customer already engaged in a telephone call to receive Caller ID information (number only) for a new incoming call. Callers subscribing to this feature will also be provided with the Anonymous Call Rejection feature.

(J) Call Waiting ID with Name

This feature provides the same functionality as described above with the addition of display of the caller's name associated with the incoming call.

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.2 CLASS Services, (Cont'd.)

5.2.2 Description of Features, (cont'd.)

(K) Call Manager

This service allows a Customer who is engaged in a telephone call to receive Caller ID (number only) information for a new incoming call, and to handle the new call by either (a) forwarding to Call Answering; (b) including in conferencing; (c) by routing to a message announcement or (d) Drop/First/Drop Last Caller option. The Customer must subscribe separately to Call Waiting. Call Answering is optional. The Customer is required to purchase premises equipment that is capable of displaying Call waiting ID information, in addition to facilitating disposition options.

(L) Call Manager with Name

This service provides all of the functionality as described above with the addition of providing Caller ID with name on the new incoming call.

(M) Remote Call Forwarding

Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call.

Remote Call Forwarding service is offered subject to availability of suitable facilities.

Remote Call Forwarding service is not offered where the terminating station is a coin telephone.

The Company will not provide identification of the originating telephone number to the RCF Customer.

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.3 Service And Promotional Trials

5.3.1 General

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges, to introduce a present or potential customer to a service not previously subscribed to by the customer.

5.3.2 Regulations

- (A) Appropriate notification of the Trial will be made to all eligible customers and to the Commission. Appropriate notification may include direct mail, bill inserts, broadcast or print media, direct contact or other comparable means of notification.
- (B) During a Service Trial, the service(s) is provided automatically to all eligible customers, except those customers who choose not to participate. Customers will be offered the opportunity to decline the trial service both in advance and during the trial. A customer can request that the designated service be removed at any time during the trial and not be billed a recurring charge for the period that the feature was in place. At the end of the trial, customers that do not contact the Company to indicate they wish to retain the service will be disconnected from the service at no charge.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.3 Service And Promotional Trials, (Cont'd.)

5.3.2 Regulations, (cont'd.)

- (C) During a Promotional Trial, the service is provided to all eligible customers who ask to participate. Customers will be notified in advance of the opportunity to receive the service in the trial for free. A customer can request that the service be removed at any time during the trial and not be billed a recurring charge for the period that the service was in place. At the end of the trial, customers that do not contact the Company will be disconnected from the service.
- (D) Customers can subscribe to any service listed as part of a Promotional Trial and not be billed the normal Connection Charge. The offering of this trial period option is limited in that a service may be tried only once per customer, per premises.
- (E) The Company retains the right to limit the size and scope of a Promotional Trial.

Issued: November 22, 2002

Effective: December 6, 2002

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.4 Busy Verification And Interrupt Service

5.4.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

5.4.2 Rate Application

(A) A Verification Charge will apply when:

- (1) The operator verifies that the line is busy with a call in progress, or
- (2) The operator verifies that the line is available for incoming calls.

(B) Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.

(C) No charge will apply when the calling party advises that the call is from an official public emergency agency.

5.4.3 Rates

	<u>Minimum</u>	<u>Maximum</u>
Verification Charge, each request	\$ 0.01	\$5.00
Interrupt Charge, each request	\$ 0.01	\$5.00

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.5 Trap Circuit Service

5.5.1 General

Trap Circuit Service is designed to allow the customer to control the release of an incoming call so that in situations involving emergency or nuisance calls, calls may be held and traced.

5.5.2 Regulations

- (A) This service is provided when there is a continuing requirement for the identification of the calling party in cases involving nuisance calls or emergency situations or other situations involving law enforcement or public safety.
- (B) The customer shall be required to sign a written request for this service. By signing the request the customer shall release the Company from any liability, and the customer agrees to indemnify and hold the Company harmless from any liability it may incur in providing this service. The Company may require the recommendation of an appropriate law enforcement agency prior to providing this service. Any information obtained by the Company in the tracing of a call will be provided only to the law enforcement agency designated. The only exception to this will be emergency situations such as fire, serious illness or other similar situations, in which case the appropriate agency will be notified.
- (C) The equipment required to provide this service cannot be operated in all central offices. The service is restricted to locations where facilities permit.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.5 Trap Circuit Service, (Cont'd.)

5.5.2 Regulations, (cont'd.)

- (D) The Company makes no guarantee concerning the tracing and identification of any call when the service is provided. The Company will furnish the service only on the express condition that no liability shall attach to it for any reason arising out of the provision of the service.

5.5.3 Rates

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.6 Directory Assistance Service

5.6.1 General

A customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service. A customer can also receive assistance by writing the Company with a list of names and addresses for which telephone numbers are desired.

5.6.2 Regulations

A Directory Assistance Charge applies for each telephone number, area code, and/or general information requested from the Directory Assistance operator except as follows:

- (A) Calls from coin telephones, including COCOTS.
- (B) Requests for telephone numbers of non-published service.
- (C) Requests in which the Directory Assistance operator provides an incorrect number. The customer must inform the Company of the error in order to receive credit.
- (D) Requests from individuals with certified visual or physical handicaps in which the handicap prevents the use of a local directory. Individuals must be certified in accordance with the terms outlined under "Handicapped Person" in Section 10 of this Tariff, up to a maximum of 50 requests per month.

5.6.3 Rates

Unless one of the exceptions listed above applies, the charges as shown below apply for each request made to the Directory Assistance operator. These charges are non-discountable.

Minimum:	\$0.01
Maximum:	\$0.50

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.7 Local Operator Service

Local calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, to the originating line, or to a valid authorized calling card. Local calls may be placed on a station to station basis or to a specified party (see Person to Person), or designated alternate. Usage charges for local operator assisted calls are those usage charges that would normally apply to the calling party's service. In addition to usage charges, an operator assistance charge applies to each call. The per call charges are non-discountable:

	<u>Minimum</u>	<u>Maximum</u>
Customer Dialed Calling Card	\$0.01	\$0.60
Person to Person	\$0.01	\$4.75
3rd Number Billed	\$0.01	\$1.75
All other Operator Assistance	\$0.01	\$1.75

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.8 Blocking Service

5.8.1 General

Blocking service is a feature that permits customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to residential and business customers:

- (A) Toll Restriction (1+ and 0+ Blocking) - provides the subscriber with local dialing capabilities but blocks any customer-dialed call that has a long distance charge associated with it.

Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT=D.)

5.8 Blocking Service, (Cont'd.)

5.8.2 Regulations

- (A) The Company will not be liable for any charge incurred when any long distance carrier or alternative operator service provider accepts third number billed or collect calls.
- (B) Blocking Service is available where equipment and facilities permit.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 5 - SUPPLEMENTAL SERVICES AND CHARGES, (CONT'D.)

5.9 Directory Listings

The Company shall arrange, at no charge, for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings at an additional charge. Specialized listing options are also available.

Listings are intended solely for the purpose of identifying subscribers telephone numbers, and as an aid to the use of telephone service. The listings of subscribers are arranged alphabetically and are not intended for special prominence of arrangement.

Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings when, in its sole judgement, such listings would violate the integrity of Company records and the directories, confuse individuals using the directory, or are otherwise deemed inappropriate or problematic.

The Company will waive the otherwise applicable charges for a nonpublished telephone listing, where the Customer requests protection of its identity in connection with the Customer's purchase of telephone service and the Customer is a victim of domestic violence, as defined in section 459(a) of the social services law, and for whose benefit any order of protection, other than a temporary order of protection, has been issued by a court of competent jurisdiction. This waiver of charges shall be for the duration of the applicable, non-temporary, order. Any nonpublished listing provided will conform to all the same requirements of other nonpublished listings. A Customer requesting such an accommodation shall provide a copy of the order of protection to the Company.

Liability of the Company due to directory errors and omissions is as specified in Section 2 of this tariff.

Monthly Recurring Charges:

	<u>Minimum</u>	<u>Maximum</u>

SECTION 7 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)**7.2 Service Descriptions And Rates, (Cont'd.)****7.2.2 PBX Trunk Service****(A) General**

Analog and/or digital PBX trunks are provided for connection of customer-provided PBX terminal equipment. Analog trunks are delivered on a DS0 level and digital trunks are delivered at the DS1 level. All trunks are equipped with multiline hunting.

DID service allows callers to reach the called party without going through a PBX attendant. DOD service allows end users to dial outside of a PBX system without going through the PBX attendant to get access to an outside line. Digital trunks cannot be two-way trunks, but must be ordered as with either Direct Inward Dialing (DID) or Direct Outward Dialing (DOD).

For DID configured PBX trunks additional charges apply for DID capability and for DID Station numbers.

Automatic Identification of Outward Dialing (AIOD) provides for identification and recording of PBX station line numbers for station originated directly dialed or operator handled toll messages and for the billing of those messages by station line number through central office facilities at the serving central office. All trunks in an outgoing trunk group accessible by PBX station lines must be equipped for AIOD. DID and AIOD are not provided in the same trunk group.

Each Trunk has the following characteristics:

Terminal Interface:	2-wire or 4-wire, as required for the provision of service
Signaling Type:	Loop, Ground, E&M I, II, III
Pulse Type:	Dual Tone Multi-Frequency (DTMF)
Directionality:	In-Coming Only (DID), Out-Going Only (DOD), or Two-Way

SECTION 7 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

7.2 Service Descriptions And Rates, (Cont'd.)

7.2.2 PBX Trunk Service, (cont'd.)

(B) Flat Rate PBX Trunks

Where facilities and operating conditions permit, Flat Rate PBX trunks may be provided over a T-1 circuit which holds up to twenty-four (24) individual PBX trunks. Flat Rate PBX Trunks are subject to minimum term requirements and are offered by the Company at 70%-95% of the rate (i.e., 5%-30% discount) charged by the relevant ILEC for comparable service.

SECTION 7 - BUSINESS NETWORK SWITCHED SERVICES, (CONT'D.)

7.2 Service Descriptions And Rates, (Cont'd.)

7.2.2 PBX Trunk Service, (cont'd.)

(C) Message Rate PBX Trunks

(1) Description

Message Rate PBX Trunks provide the customer with a single, analog, voice grade telephonic communications channel which can be used to place or receive one call at a time. Local calls on two-way trunks and DOD trunks are billed on a message rate basis. DID trunks are arranged for one-way inward calling only.

(2) Recurring and Nonrecurring Charges

In addition to the nonrecurring charges listed below, service order charges apply as described in Section 3 of this tariff. Charges for each Message Rate PBX Trunk include a monthly recurring Base Service Charge and usage charges for completed calls originated from the customer's lines based on the total number of calls during the billing period. Local calling areas are as specified in Section 10.

	<u>Minimum</u>	<u>Maximum</u>	
<u>CO Trunk Connection Charge:</u>	\$5.00	\$100.00	
<u>Monthly Recurring Charges:</u>

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.1 Lifeline Telephone Service

8.1.1 Lifeline Telephone Service Options

(A) Flat Rate Life Line Service

This service provides a full waiver of the \$3.50 federal subscriber line charge for flat rate customers.

(B) Basic Lifeline Service

This low priced individual message rate service provides a full waiver of the \$3.50 federal subscriber line charge. There is no monthly allowance for local calls. Primary area and Home Region calls are untimed. Extended area calls (where available) are timed.

8.1.2 Eligibility

This service is restricted to low income residential customers. To qualify for Lifeline service a customer must be income eligible for benefits from any one of the following Entitlement Programs administered by the New York State Department of Social Services:

Aid to Families with Dependent Children (AFDC)

Food Stamps

Home Energy Assistance Program (HEAP)

Home Relief

Medicaid

Supplemental Security Income (SSI)

The applicant must provide proof to the Company that he or she is certified as income eligible to receive one or more of the above benefits. After initial contact the customer is sent an application form to be completed by the customer or authorized representative of the customer, as designated by the New York State Department of Social Services and identified as so authorized on the customer's card for any of the above benefits.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.1 Lifeline Telephone Service, (Cont'd.)

8.1.2 Eligibility, (cont'd.)

In addition, applicants are eligible for discounted Life Line rates when approved to receive either a Veterans Disability Pension or a Veterans Surviving Spouse Pension. Applicants must provide proof to the Company that they are receiving one of these pensions.

Life Line services are effective upon receipt of a completed and signed form or an application form certified from an entity authorized by the Company. If the form is not returned, no further action is taken by the Company to establish eligibility. The Life Line discount is credited as of the service connection date.

An individual's eligibility may be documented by information obtained by the Company as a result of enrollment programs, including but not limited to confidential computerized matching programs, conducted by the Company in conjunction with the New York State Department of Social Services (DSS) and/or the New York City Community Development Agency (CDA).

The Company, in coordination with appropriate agencies, will periodically verify each Lifeline customer's eligibility. If a customer is identified as being ineligible, the customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The customer will be billed for discounts received for any period in which he or she is proven to be ineligible for the service.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.1 Lifeline Telephone Service, (Cont'd.)

8.1.3 Charges

A qualified customer may choose one of the Lifeline services as described. For connection of new service, service connection charges apply unless the customer qualifies for connection assistance under the Link Up America plan as outlined in 8.2, following.

Service connection charges do not apply to change existing service from:

- (A) Message Rate Service to Basic Lifeline Service;
- (B) Basic Lifeline service to Message Rate Service.

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.2 Link up America

The Link Up America program is a connection assistance plan which provides for the reduction of one-half of the charges associated with connection of telephone service, up to \$30.00, subject to the following eligibility criteria:

- 8.2.1 The applicant must meet the requirements for qualification for Lifeline Telephone Service stipulated in 8.1.2, above;
- 8.2.2 The assistance can only apply for a single telephone line at the principal place of residence of the applicant;
- 8.2.3 The applicant must not be a dependent for federal income tax purposes, unless he or she is more than 60 years old.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President

Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.3 Special Equipment For The Hearing or Speech Impaired Customer

- 8.3.1 As required by Section 92-a of New York State Public Service Law, the Company will provide, upon request, specialized telecommunications equipment for a customer certified as hearing or speech impaired.
- 8.3.2 A customer can be certified as hearing or speech impaired by a licensed physician, otolaryngologist, speech-language pathologist, audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairments in cooperation with an official agency of the State of New York.
- 8.3.3 The Company will make every reasonable effort to locate and obtain equipment for a certified customer.
- 8.3.4 The customer may purchase equipment at a price not to exceed the actual purchase price (including any applicable shipping costs) the Company pays.
- 8.3.5 The Company will also advise the customer who requests this equipment of the applicable terms for purchase.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.4 Discounted Service For The Hearing or Speech Impaired Customer

8.4.1 General

A handicapped person who has been certified to the Company as having a hearing or speech impairment which requires that he or she communicate over telephone facilities by means other than voice, and who either use non-voice equipment or make calls through an interpreter, will receive, upon application to the Company, a 50% discount on local message rate service.

8.4.2 Certification

Acceptable certifications are:

- (A) Those made by a licensed physician, otolaryngologist, speech-language pathologist or audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairment in cooperation with an official agency of the State of New York, or
- (B) A pre-existing certification establishing the impairment of hearing or speech such as those which qualify the handicapped person for social security benefits on the basis of total hearing impairment or for the use of facilities of an agency for a person with hearing or speech impairment.

8.4.3 Qualification

A customer qualifying for the discount is one whose impairment is such that competent authority would certify him or her as being unable to use a telephone for voice communication. See Section 11, "Handicapped Person," for a listing of the necessary qualifications.

8.4.4 Billing

The reduction in charges is applied only at one location, designated by the impaired person.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.5 Universal Emergency Telephone Number Service

Universal Emergency Telephone Number Service (911 Service) is an arrangement of Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone from which the number is dialed or will be routed to an operator if all lines to an emergency report center are busy. If no emergency report center customer exists for a central office entity, a telephone user who dials the number 911 will be routed to an operator. The telephone user who dials the 911 number will not be charged for the call.

911/E911 service may not be available through certain advanced, IP-based business services or may be in some way limited by comparison to traditional 911/E911 service. Such circumstances include, but are not limited to, relocation of the IP-compatible Customer Premises Equipment (CPE), use by the customer of a non-native telephone number, broadband connection failure, loss of electrical power (which is a limitation of any telecommunications service that requires power from the Customer's location), and delays that may occur in making a Customer's service location (i.e., Registered Location) available in or through the Automatic Location Identification (ALI) database.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.6 New York Relay Service

8.6.1 General

The Company will provide access to a telephone relay center for New York Relay Service. The service permits telephone communications between hearing and/or speech impaired individuals who must use a Telecommunications Device for the Deaf (TDD) or a Teletypewriter (TTY) and individuals with normal hearing and speech. The Relay Service can be reached by dialing an 800 number. Specific 800 numbers have been designated for both impaired and non-impaired customers to use.

8.6.2 Regulations

- (A) Only intrastate calls can be completed using the New York Relay Service under the terms and conditions of this tariff.
- (B) Charges for calls placed through the Relay Service will be billed as if direct distance dialed (DDD) from the point of origination to the point of termination. The actual routing of the call does not affect billing.
- (C) Calls through the Relay Service may be billed to a third number only if that number is within New York State. Calls may also be billed to calling cards issued by the Company or other carriers who may choose to participate in this service.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.6 New York Relay Service, (Cont'd.)

8.6.2 Regulations, (cont'd.)

(D) The following calls may not be placed through the Relay Service:

- (1) calls to informational recordings and group bridging service;
- (2) calls to time or weather recorded messages;
- (3) station sent paid calls from coin telephones; and
- (4) operator-handled conference service and other teleconference calls.

8.6.3 Liability

The Company contracts with an outside provider for the provision of this service. The outside provider has complete control over the provision of the service except for the facilities provided directly by the Company. In addition to other provisions of this Tariff dealing with liability, in the absence of gross negligence or willful misconduct on the part of the Company, the Company shall not be liable for and the customer, by using the service, agrees to release, defend and hold harmless for all damages, whether direct, incidental or consequential, whether suffered, made, instituted or asserted by the customer or by any other person, for any loss or destruction of any property, whatsoever whether covered by the customer or others, or for any personal injury to or death of, any person. Notwithstanding any provision to the contrary, in no event shall the Company be liable for any special, incidental, consequential, exemplary or punitive damages of any nature whatsoever.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.7 Special Credit Card For Blind And Disabled Persons

8.7.1 General

Persons who are blind or whose disability causes difficult with hand and finger coordination and use of a telephone qualify for a Special Credit Card. The card may be used from any telephone within the Company's territory to place calls within and outside the state of New York at a special rate or to place calls from a telephone outside of the Company's territory, but within the state of New York at rates applicable to the territory from which the call is made.

8.7.2 Rates

Within the Company's Territory:

Station to station toll calls placed with operator assistance will be billed at the lower rate normally applicable to calls placed without operator assistance. Local calls cannot be charged to the card. Person-to-person calls charged to the card with be billed at the higher operator handled rate.

Outside the Company's Territory, but within New York State:

All rates, charges, billing and restriction in effect in the territory from which the call is made will apply.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.7 Special Credit Card For Blind And Disabled Persons, (Cont'd.)

8.7.3 Qualification

The follow criteria will be used to determine eligibility for the Special Credit Card:

- (A) "Legally Blind" - those whose visual acuity is 20/200 or less in the better eye with correcting glasses or whose widest diameter of visual field subtends an angular distance no greater than 20 degrees.
- (B) "Physically Handicapped" - those who are certified by competent authority as unable to read or use ordinary printed materials as result of physical limitations.
- (C) Persons whose disabling condition causes difficulty with hand and finger coordination and utilization of a coin or noncoin telephone. Acceptable certifications are those made by a licensed physician, ophthalmologist or optometrist.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.7 Special Credit Card For Blind And Disabled Persons, (Cont'd.)

8.7.4 Billing Authorization

Responsibility for payment of charges may be handled in one of two ways:

- (A) The handicapped person (the applicant) may accept responsibility for payment of his or her own bill. In this case, the applicant must be 18 years of age or older and must reside within the Company's service territory, but he or she does not need to have other service from the Company.
- (B) Another party may agree to accept responsibility for payment of charges incurred through use of the Special Credit Card by the applicant. When this option is chosen, the person accepting this responsibility must be 18 years of age or older, but does not need to reside within the Company's service territory.

In either case, the applicant is the only authorized user of the Special Credit Card. If the person accepting payment responsibility has service within the Company's service territory, charges will be billed on a regular monthly bill; otherwise a separate bill will be sent.

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)**8.8 Schools and Libraries Discount Program****8.8.1 General**

The Schools and Libraries Discount Program permits eligible schools (public and private, grades Kindergarten through 12) and libraries to purchase the Company services offered in this tariff and the (additional company tariff references, if appropriate) at a discounted rate, in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York State Public Service Commission in its Opinion and Order 97-11 Adopting Discounts for Services for Schools and Libraries, issued June 25, 1997. The Rules are codified at 47 Code of Federal Regulation (C.F.R.) 54.500 et. seq.

As indicated in the Rules, the discounts will be between 20 and 90 percent of the pre-discount price, which is the price of services to schools and libraries prior to application of a discount. The level of discount will be based on an eligible school or library's level of economic disadvantage and by its location in either an urban or rural area. A school's level of economic disadvantage will be determined by the percentage of its students eligible for participation in the national school lunch program, and a library's level of economic disadvantage will be calculated on the basis of school lunch eligibility in the public school district in which the library is located. A non-public school may use either eligibility for the national school lunch program or other federally approved alternative measures to determine its level of economic disadvantage. To be eligible for the discount, schools and libraries will be required to comply with the terms and conditions set forth in the Rules. Discounts are available only to the extent that they are funded by the federal universal service fund. Schools and libraries may aggregate demand with other eligible entities to create a consortium.

Issued: November 22, 2002

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.8 Schools and Libraries Discount Program, (Cont'd)

8.8.2 Regulations

A) Obligation of eligible schools and libraries

1. Requests for service

- a. Schools and libraries and consortia shall participate in a competitive bidding process for all services eligible for discounts, in accordance with any state and local procurement rules.
- b. Schools and libraries and consortia shall submit requests for services to the Schools and Libraries Corporation, as designated by the FCC, and follow established procedures.
- c. Services requested will be used for educational purposes.
- d. Services will not be sold, resold or transferred in consideration for money or any other thing of value.

B) Obligations of the Company

1. The Company will offer discounts to eligible schools and libraries on commercially available telecommunications services contained in this tariff. Those services contained in this tariff which are excluded from the discount program, in accordance with the Rules, are included as an attachment to this tariff.
2. The Company will offer services to eligible schools, libraries and consortia at prices no higher than the lowest price it charges to similarly situated non-residential customers for similar services (lowest corresponding price).

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.8 Schools and Libraries Discount Program, (Cont'd)

8.8.2 Regulations, (Cont'd)

B) Obligations of the Company, (Cont'd)

3. In competitive bidding situations, the Company may offer flexible pricing or rates other than in this tariff, where specific flexible pricing arrangements are allowed, subject to New York State Public Service Commission approval.

8.8.3 Discounted Rates for Schools and Libraries

- A) Discounts for eligible schools and libraries and consortia shall be set as a percentage from the pre-discount price, which is the price of services to schools and libraries prior to application of a discount.
- B) The discount rate will be applied to eligible intrastate services purchased by eligible schools, libraries or consortia.
- C) The discount rate is based on each school or library=s level of economic disadvantage as determined in accordance with the FCC Order or other federally approved alternative measures (as permitted by the Rules) and by its location in either an urban or rural area.
- D) The discount matrix for eligible schools, libraries and consortia is included as an attachment to this tariff.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.9 Health Care Providers Support Program

General B The purpose of the Health Care Providers Support Program is to enable public and non-profit rural health care providers to have access to telecommunications services necessary for the provision of health care services at rates comparable to those paid for similar services in urban areas. The Health Care Providers Support Program offers eligible public and non-profit health care providers located in rural areas reduced rates for Company intrastate services available in this Tariff. Such services must be purchased in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York State Public Service Commission in its Order in Cases 94-C-0095 and 28425, issued November 4, 1997. The FCC Rules are codified at 47 Code of Federal Regulations (C.F.R) 54.601 et. seq., and any amendments made thereto.

Regulations

- a. To be eligible for the reduced rates, rural health care providers are required to comply with the terms and conditions set forth in the FCC Rules.
- b. Reduced rates are available only to the extent that they are funded by the federal universal service fund.
- c. Eligible rural health care providers may aggregate demand with other entities to create a consortium. Universal service support shall apply only to the portion of eligible services used by an eligible health care provider.

Issued: November 22, 2002

Effective: December 6, 2002

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.9 Health Care Providers Support Program, (Cont'd)

d. Responsibility of eligible health care providers:

1. Rural health care providers and consortia shall participate in a competition bidding process for all services eligible for reduced rates in accordance with any state and local procurement rules.
2. Rural health care providers and consortia shall submit requests for services to the Program Administrator, as designated by the FCC, and follow established procedures.
3. Services requested must be used for purposes related to the provision of health care services or instruction that the health care provider is legally authorized to provide under the law.
4. A health care provider that cannot obtain toll free access to an Internet service provider and who is eligible for support for limited toll-free access under the Rules must certify that it lacks toll-free Internet access and that it is an eligible health care provider.
5. Services cannot be sold, resold or transferred in consideration for money or any other thing of value.

e. Responsibility of the Company

1. The Company shall offer the rates and charges as specified herein to eligible health care providers to the extent that facilities and services are available and offered in the Company's tariff.
2. The Company shall offer services to eligible rural health care providers and consortia at prices no higher than the highest urban rate as defined in the FCC Order and Rules.
3. In competitive bidding situations, where specific flexible pricing arrangements are allowed, the Company may offer flexible pricing (to determine the reduced rate) subject to New York State Public Service Commission approval.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.9 Health Care Providers Support Program, (Cont'd)

8.9.1 Rates and Charges

The following price adjustments will be available to eligible rural health care providers, except Section 8.9.1 subparagraph c., which shall be available to all eligible health care providers, regardless of location.

- a. A reduced rate for telecommunications services, using a bandwidth capacity of up to 1.544 Mbps, not to exceed the highest tariffed or publicly available rate charged to a commercial Customer for a similar service provided over the same distance in the nearest city in New York State with a population of at least 50,000.
- b. An exemption from some mileage charges for any telecommunications services, using a bandwidth capacity of up to 1.544 Mbps, that is necessary for the provision of health care services. The exempted mileage includes the distance between the rural health care provider and the most distant perimeter of the nearest city in New York State with a population of 50,000 or more, less the standard urban distance, which is the maximum average diameter of all cities with population of 50,000 or more in the state.
- c. Each eligible health care provider that cannot obtain toll-free access to an Internet service provider is entitled to receive toll charge credits for toll charges imposed for connecting to an Internet service provider as per the FCC Rules. Such toll charges are available pursuant to applicable toll tariffs.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.10 Emergency/Crisis/Disaster Restoration and Provisioning - Telecommunications Service Priority

(N)

8.10.1 General

- (A) The Telecommunications Service Priority (TSP) Program is a federal program used to identify and prioritize telecommunications services that support national security or emergency preparedness (NS/EP) missions.

NS/EP services are defined as those telecommunications services which are used to maintain a state of readiness or respond to and manage any event or crisis which causes or could cause injury or harm to the population, damage or loss to property, or degrades or threatens the NS/EP posture of the United States.

TSP restoration and/or provisioning shall be provided in accordance with Part 64, Appendix A of the Federal Communications Commission's Rules and Regulations (47 C.F.R.), and the "Service Vendor Handbook For The Telecommunications Service Priority (TSP) Program" and the "Service User Manual for the Telecommunications Service Priority (TSP) System" (NCS Manual 3-1-1) (Service User Manual) issued and updated as necessary by the Office of Priority Telecommunications (OPT) of the National Communications System. Any changes to or reissuance of these regulations or manuals supersede tariff language contained herein.

- (B) The TSP program has two components, restoration and provisioning.
- (1) A restoration priority is applied to new or existing telecommunications services to ensure restoration before any other services during a service outage. TSP restoration priorities must be requested and assigned before a service outage occurs.
- (2) A provisioning priority is obtained to facilitate priority installation of new telecommunications services during a service outage. Provisioning on a priority basis becomes necessary when an end-user has an urgent requirement for a new NS/EP service that must be installed immediately or by a specific due date that can be met only by a shorter than standard or expedited Company provisioning time frame. As a matter of general practice, existing TSP services will be restored before provisioning new TSP services.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.10 Emergency/Crisis/Disaster Restoration and Provisioning - Telecommunications Service Priority, (Cont'd.)

(N)

8.10.2 TSP Request Process

(A) Restoration

To request a TSP restoration priority assignment, a prospective TSP user must:

- (1) Determine that the user's telecommunications service supports an NS/EP function under one of the following four TSP categories.

National Security Leadership
National Security Posture and U.S. Population Attack Warning
Public Health, Safety, and Maintenance of Law and Order
Public Welfare and Maintenance of National Economic Posture

- (2) Identify the priority level to be requested for the telecommunications service. The priority level is determined by the end-user's TSP category and service profile. The service profile defines the user's level of support to the portion of the telecommunications service that the user owns and operates, such as customer premises equipment or wiring. The five levels of priority and seven element groups that define the service profile are contained in the Service User Manual.
- (3) Complete the TSP Request for Service Users form (SF 315) available on the National Communications System (NCS) website (<http://tsp.ncs.gov/>).
- (4) For non-federal users, have their TSP requests approved by a federal agency sponsor. Non-federal users should contact the OPT, at the NCS website (<http://tsp.ncs.gov/>), for information on identifying a sponsor for TSP requests.
- (5) Submit the SF 315 to the OPT.
- (6) Upon receipt of the TSP Authorization Code from the OPT, notify the Company, and include the TSP Authorization Code in any service order to the Company requesting restoration of NS/EP services.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.10 Emergency/Crisis/Disaster Restoration and Provisioning - Telecommunications Service Priority, (Cont'd.)

8.10.2 TSP Request Process, (Cont'd.)

(B) Provisioning

To request a TSP provisioning priority assignment, a prospective TSP user must follow the same steps listed in 2a. above for restoration priority assignment except for the following differences. The user should:

Certify that its telecommunications service is an Emergency service. Emergency services are those that support one of the NS/EP functions listed in 2a(a) above and are so critical that they must be provisioned at the earliest possible time, without regard to cost to the user.

Verify that the Company cannot meet the service due date without a TSP assignment.

Obtain approval from the end-user's invocation official to request a provisioning priority. Invocation officials are designated individuals with the authority to request TSP provisioning for a telecommunications service, and include the head or director of a federal agency, commander of a unified/specified military command, chief of a military service, commander of a major military command, or state governor.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.10 Emergency/Crisis/Disaster Restoration and Provisioning - Telecommunications Service Priority, (Cont'd.)

(N)

8.10.3 Responsibilities of the End-User

End-users or entities acting on their behalf must perform the following:

- (A) Identify telecommunications services requiring priority.
- (B) Request, justify, and revalidate all priority level assignments. Revalidation must be completed every 2 years, and must be done before expiration of the end-user's TSP Authorization Code(s).
- (C) Accept TSP services by the service due dates.
- (D) Have Customer Premises Equipment (CPE) and Customer Premises Wiring (CPW) available by the requested service due date and ensure (through contractual means or otherwise) priority treatment for CPE and CPW necessary for end-to-end service continuity.
- (E) Pay the Company any authorized costs associated with priority services.
- (F) Report to the Company any failed or unusable services with priority levels.
- (G) Designate a 24-hour point of contact for each TSP request and apprise the OPT.
- (H) Cooperate with the OPT during reconciliation (comparison of NS/EP service information and resolution of any identified discrepancies) and revalidation.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.10 Emergency/Crisis/Disaster Restoration and Provisioning - Telecommunications Service Priority, (Cont'd.)

(N)

8.10.4 Responsibilities of the Company

The Company will perform the following:

- (A) Provide TSP service only after receipt of a TSP authorization code.
- (B) Revoke TSP services at the direction of the end-user or OPT.
- (C) Ensure that TSP Program priorities supersede any other telecommunications priority that may be provided (other than control services and order wires).
- (D) Designate a 24-hour point of contact to receive reports of TSP service outages from TSP service users.
- (E) Designate a 24-hour point of contact to coordinate TSP processes with the OPT.
- (F) Confirm completion of TSP service order activity to the OPT.
- (G) Participate in reconciliation of TSP information at the request of the OPT.
- (H) Ensure that all subcontractors complete reconciliation of TSP information with the service vendor.
- (I) Ensure that other carriers supplying underlying facilities are provided information necessary to implement priority treatment of facilities that support NS/EP services.
- (J) Assist in ensuring that priority level assignments of NS/EP services are accurately identified "end-to-end" by providing to subcontractors and interconnecting carriers the restoration priority level assigned to a service.
- (K) Disclose content of the NS/EP TSP database only as may be required by law.
- (L) Comply with regulations and procedures supplemental to and consistent with guidelines issued by the OPT.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)8.10 Emergency/Crisis/Disaster Restoration and Provisioning - Telecommunications Service Priority,
(Cont'd.)

8.10.5 Preemption

When spare facilities are not available, it may be necessary for the Company to preempt the facilities required to provision or restore a TSP service. When preemption is necessary, non-TSP services may be preempted based on the Company's best judgment. If no suitable spare or non-TSP services are available, the Company may preempt an existing TSP service to restore a TSP service with a higher restoration priority assignment. When preemption is necessary, prior consent of the service user whose service will be preempted is not required; however, the Company will make every reasonable effort to notify the preempted customer of the action to be taken.

SECTION 8 - SPECIAL SERVICES AND PROGRAMS, (CONT'D.)

8.11 Caller ID Unblocking*

(N)

8.11.1 311/911 Caller ID Unblocking

The City of New York 311 Call Center provides consolidated access to non-emergency municipal services and information 24 hours per day, 365 days per year. Callers have the ability to access City departments and services by using the 311 abbreviated dialing code instead of dialing a particular seven-digit number. In certain circumstances, calls to the 311 Call Center involve emergencies of various levels. In these instances, the Call Center will transfer the call to the 911 Emergency Call Center. If the caller has activated Caller ID Blocking, either on a per-call or per-line basis, the 911 Emergency Call Center operator will be unable to determine the caller's location. Thus, by Order dated April 18, 2003 (Case 03-C00171), the New York Public Service Commission directed that, for reasons of public safety, Caller ID Blocking shall be unblocked on all calls to the 311 Call Center. This ruling applies only to calls to the 311 Call Center and not to any other municipal office.

8.11.2 211/911 Caller ID Unblocking

The City of New York 211 Call Center provides a means of accessing community information and referral services within the Five Boroughs. Callers dialing 211 from telephones located within New York City will reach the Call Center where the calls will be routed to call takers trained to provide basic health and human services information. In certain circumstances, calls to the 211 Call Center may involve emergencies of various levels. In these instances, the Call Center will transfer the call to the 911 Emergency Call Center. If the caller has activated Caller ID Blocking, either on a per-call or per-line basis, the 911 Emergency Call Center operator will be unable to determine the caller's location. By Order dated May 28, 2008 (Case 07-C-1091), the New York Public Service Commission directed that, for reasons of public safety, Caller ID Blocking shall be unblocked on all calls to the 211 Call Center. This ruling applies only to calls to the 211 Call Center and not to any other municipal office.

(N)

* Caller ID Blocking is deactivated for calls to 211 or 311 or 911 in the New York exchange only.

(N)

In compliance with Order No. 07-C-1091 issued on 5/21/08.

SECTION 9 - SPECIAL ARRANGEMENTS

	Page
9.1 Special Construction	1
9.1.1 Basis for Charges	1
9.1.2 Basis for Cost Computation	1
9.1.3 Termination Liability	2
9.2 Non-Routine Installation and/or Maintenance	4
9.3 Individual Case Basis (ICB) Arrangements	4

SECTION 9 - SPECIAL ARRANGEMENTS, (CONT'D.)

9.1 Special Construction

9.1.1 Basis for Charges

Basis for Charges where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company (including return) and may include:

- (A) nonrecurring charges;
- (B) recurring charges;
- (C) termination liabilities; or
- (D) combinations of (a), (b), and (c).

Special construction will apply to all dedicated and PRI facilities requested by the Customer.

9.1.2 Basis for Cost Computation

The costs referred to in 9.1.1 preceding may include one or more of the following items to the extent they are applicable:

- (A) Costs to install the facilities to be provided including estimated costs for the rearrangements of existing facilities. These costs include:
 - (1) equipment and materials provided or used;
 - (2) engineering, labor, and supervision;
 - (3) transportation; and
 - (4) rights of way and/or any required easements.
- (B) Cost of maintenance.
- (C) Depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage.

SECTION 9 - SPECIAL ARRANGEMENTS, (CONT'D.)

9.1 Special Construction, (Cont'd.)

9.1.2 Basis for Cost Computation, (cont'd.)

- (D) Administration, taxes, and uncollectible revenue on the basis of reasonable average cost for these items.
- (E) License preparation, processing, and related fees.
- (F) Tariff preparation, processing and related fees.
- (G) Any other identifiable costs related to the facilities provided; or
- (H) An amount for return and contingencies.

9.1.3 Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of a customer. The period on which the termination liability is based is the estimated service life of the facilities provided.

SECTION 9 - SPECIAL ARRANGEMENTS, (CONT'D.)

9.1 Special Construction, (Cont'd.)

9.1.3 Termination Liability, (cont'd.)

- (A) The amount of the maximum termination liability is equal to the estimated amounts (including return) for:
- (1) Costs to install the facilities to be provided including estimated costs for the rearrangements of existing facilities. These costs include:
 - (a) equipment and materials provided or used;
 - (b) engineering, labor, and supervision;
 - (c) transportation; and
 - (d) rights of way and/or any required easements;
 - (2) license preparation, processing, and related fees;
 - (3) tariff preparation, processing and related fees;
 - (4) cost of removal and restoration, where appropriate; and
 - (5) any other identifiable costs related to the specially constructed or rearranged facilities.
- (B) The termination liability method for calculating the unpaid balance of a term obligation is obtained by multiplying the sum of the amounts determined as set forth herein by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined herein shall be adjusted to reflect the redetermined estimated net salvage, including any reuse of the facilities provided. This amount shall be adjusted to reflect applicable taxes.

SECTION 9 - SPECIAL ARRANGEMENTS, (CONT'D.)

9.2 Non-routine Installation and/or Maintenance

At the customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (in the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

9.3 Contract Arrangements

At the option of the Company, services may be offered on a contract basis to meet specialized pricing requirements of the Customer not contemplated by this tariff. The terms of each contract shall be mutually agreed upon between the Customer and Company and may include discounts off of rates contained herein and waiver of recurring, nonrecurring, or usage charges. The terms of the contract may be based partially or completely on the term and volume commitment, type of access arrangement, mixture of services, or other distinguishing features. Service shall be available to all similarly situated Customers for a fixed period of time following the initial offering to the first contract Customer as specified in each individual contract.

9.4 Special Assembly Arrangements

Services and arrangements shall occasionally be developed on Special Assembly basis in response to requests of the Customer for unique services or arrangements. Rates for Special Assembly arrangements will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer for service that varies from tariffed arrangements. Special Assembly rates will be offered to customers in writing and will be made available to similarly situated customers.

SECTION 11 - LOCAL USAGE, (CONT'D.)

11.1 General

11.1.1 Description

Regional Calling Service is furnished for telephone communications in New York City to seven regions (specified below) within the New York Metropolitan LATA (New York Metro) in accordance with the regulations and schedules of charges specified in this tariff. Local usage outside of the New York Metro area is divided into four (4) rate bands. The usage charges specified herein are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

Local Usage includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special toll billing, requests to notify of time and charges, and person to person calling.

The New York Metro LATA is divided into seven Regions whose boundaries are defined by political, commercial and social mutuality of interest. The Regions are:

New York City (Home Region)	Lower Westchester
Nassau	Upper Westchester
West Suffolk	Rockland
East Suffolk	

The exchanges of Byram and Greenwich in Connecticut are part of the New York Metro LATA, but are not part of the Regional Calling specified above.

Issued: November 22, 2002

Effective: December 6, 2002

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 11 - LOCAL USAGE, (CONT'D.)

11.1 General, (Cont'd.)

11.1.2 Classes of Calls

Service is offered as two classes: station to station calling and person to person calling.

- (A) Station to Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
- (B) Person to Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 11 - LOCAL USAGE, (CONT'D.)

11.2 Timing of Calls

- 11.2.1 Unless otherwise indicated, all calls are timed in one minute increments and all calls which are fractions of a minute are rounded up to the next whole minute.
- 11.2.2 For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.
- 11.2.3 For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.
- 11.2.4 Call timing ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.
- 11.2.5 Calls originating in one time period as defined in Section 4.3 and terminating in another will be billed the rates in effect at the beginning of each minute.

Issued: November 22, 2002

Effective: December 6, 2002

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 11 - LOCAL USAGE, (CONT'D.)

11.3 Time Periods Defined

Unless otherwise indicated in this Tariff, the following time periods apply for local calling.

11.3.1 Rate Periods Except Holidays

<u>Rate Period</u>	<u>From</u>	<u>To, But Not Including</u>	<u>Days</u>
Day	8:00 AM	9:00 PM	Monday-Friday
Evening	9:00 PM 5:00 PM	11:00 PM 11:00 PM	Monday-Friday Sunday
Night	11:00 PM 8:00 AM 8:00 AM	8:00 AM 11:00 PM 5:00 PM	All Days Saturday Sunday

11.3.2 Holiday Rate Periods

On Christmas Day (December 25), on New Year's Day (January 1), on Independence Day (July 4), on Labor Day (the first Monday in September), and on Thanksgiving Day (the fourth Thursday in November) and on resulting legal holidays when Christmas, New Year's Day or Independence Day legal holidays fall on dates other than December 25, January 1, or July 4, the holiday rate applicable is the Evening Rate unless a lower rate would normally apply.

11.3.3 All times refer to local time at the caller=s location.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 11 - LOCAL USAGE, (CONT'D.)

11.5 Call Charges

Residential rates for home region calls are a flat cost per call and are not timed for subscribers of Message Rate service. Home region calls which are outside of the primary calling area are based on the duration of the call as measured according to Section 11.2 above and the time of day rate period of the call as described in Section 11.3. Residential rates for region-to-region calls are based on the duration of the call as measured according to Section 11.2 above, time of day rate period of the call as described in Section 11.3 and the region to which the call is terminated as listed in Section 11.4. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Business rates for both home region calls and region-to-region calls are based on the duration of the call as measured according to Section 11.2 above, time of day rate period of the call as described in Section 11.3 and the region to which the call is terminated as listed in Section 11.4. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Charges for all classes of calls may be to the calling station, to the called station when the called party agrees to accept the charges, to an authorized telephone number which is not the called station or the calling station (3rd number billing), or to an authorized calling card.

Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS

Agency - For 911 or E911 service, the government agency(s) designated as having responsibility for the control and staffing of the emergency report center.

Alternate Routing - Allows E911 calls to be routed to a designated alternate location if (1) all E911 exchange lines to the primary PSAP (see definition of PSAP below) are busy, or (2) the primary PSAP closes down for a period (night service).

Analog - A transmission method employing a continuous (rather than a pulsed or digital) electrical signal that varies in amplitude or frequency in response to changes of sound, light, position, etc., impressed on a transducer in the sending device.

Apartments - A building or group of buildings used primarily to provide complete residential apartments but not lodging on a day-to-day basis.

ASCII - American Standard Code for Information Interchange. An eight-level code for data transfer adopted by the American Standards Association.

Asynchronous - Transmission in which each information character is individually synchronized usually by the use of start-stop elements. The gap between each character is not of a fixed length.

Authorized User - A person, corporation or other entity who is authorized by the Company's customer to utilize service provided by the Company to the customer. The customer is responsible for all charges incurred by an Authorized User.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Automatic Location Identification ("ALI") - The name and address associated with the calling party's telephone number (identified by ANI as defined below) is forwarded to the PSAP for display. Additional telephones with the same number as the calling party's (secondary locations, off premises, etc.) will be identified with the address of the telephone number at the main location.

Automatic Number Identification ("ANI") - A system whereby the calling party's telephone number is identified and sent forward with the call record for routing and billing purposes. E911 Service makes use of this system.

Bit - The smallest unit of information in the binary system of notation.

Building - A structure enclosed within exterior walls or fire walls, built, erected and framed of component structural parts and designed for permanent occupancy.

Call Initiation - The point in time when the exchange network facility are initially allocated for the establishment of a specific call.

Call Termination - The point in time when the exchange network facility allocated to a specific call is released for reuse by the network.

Central Office - An operating office of the Company where connections are made between telephone exchange lines.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Central Office Line - A line providing direct or indirect access from a telephone or switchboard to a central office. Central office lines subject to PBX rate treatment are referred to as central office trunks.

Channel - A point-to-point bi-directional path for digital transmission. A channel may be furnished in such a manner as the Company may elect, whether by wire, fiber optics, radio or a combination thereof and whether or not by means of single physical facility or route. One 1.544 Mbps Service is equivalent to 24 channels.

Channel Conversion - The termination of 1.544. Mbps Service at a customer's location with conversion of the digital signal to 24 analog voice grade circuits. Channel Conversion can be furnished by the customer.

Channel Service Unit ("CSU") - The equipment located at the customer's premises which terminates each 1.544 Mbps Digital Loop and performs such functions as proper termination of facilities, regeneration of signals, recognition and correction of signal format errors and provides remote loop-back capability.

College - An establishment for higher education authorized to confer degrees where lodging for the students is maintained on the premises.

Communications Systems - Channels and other facilities which are capable of two-way communications between subscriber -provided terminal equipment or Telephone Company stations, even when not connected to exchange and message toll communications service.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Commission - The New York State Public Service Commission.

Company - InterGlobe Communications, unless otherwise clearly indicated by the context.

Cooperative - A building or group of buildings used primarily to provide complete residential dwellings but not lodging on a day-to-day basis.

Customer - The person, firm, corporation, or other entity which orders service pursuant to this Tariff and utilizes service provided under Tariff by the Company. A customer is responsible for the payment of charges and for compliance with all terms of the Company's Tariff.

Customer Premises Equipment (CPE) - Equipment provided by the customer for use with the Company's services. CPE can include a station set, facsimile machine, key system, PBX, or other communication system.

Default Routing ("DR") - When an incoming E911 call cannot be selectively routed due to an ANI failure, garbled digits or other causes, such incoming calls are routed from the E911 Control Office to a default PSAP. Each incoming E911 facility group to the Control Office is assigned to a designated default PSAP.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Demarcation Point - The physical dividing point between the Company's network and the customer.

Dial Pulse ("DP") - The pulse type employed by a rotary dial station set.

Digital - A method of storing, processing and transmitting information through the use of distinct electronic or optical pulses that represent the binary digits (bits) 0 and 1. Digital transmission/switching technologies employ a sequence of discrete, individually distinct pulses to represent information, as opposed to the continuously variable signal of analog technologies.

Direct Inward Dial ("DID") - A service attribute that routes incoming calls directly to stations, by-passing a central answer point.

Direct Outward Dial ("DOD") - A service attribute that allows individual station users to access and dial outside numbers directly.

Dual Tone Multi-Frequency ("DTMF") - The pulse type employed by tone dial station sets. (Touch tone)

Emergency Service Number ("ESN") - A unique code, assigned by the Company, used to define specific combinations of police, fire and/or ambulance jurisdictions, or any other authorized agency, which are designated by the customer.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

E911 Service Area - The geographic area in which the government agency will respond to all E911 calls and dispatch appropriate emergency assistance.

E911 Customer - A governmental agency that is the customer of record and is responsible for all negotiations, operations and payment of bills in connection with the provision of E911 service.

Error - A discrepancy or unintentional deviation by the Company from what is correct or true. An "error", can also be an omission in records.

Exchange - An area, consisting of one or more central office districts, within which a call between any two points is a local call.

Exchange Access Line - A central office line furnished for direct or indirect access to the exchange system.

Exchange Service - The provision to the subscriber of access to the exchange system for the purpose of sending and receiving calls. This access is achieved through the provision of a central office line (exchange access line) between the central office and the subscriber's premises.

Final Account - A customer whose service has been disconnected who has outstanding charges still owed to the Company.

Ground Start - Describes the signaling method between the PBX/key system interface and the Company's switch. It is the signal requesting service.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Handicapped Person - A person who is legally blind, visually handicapped or physically handicapped, under the following definitions from the Federal Register (Vol. 35 #126 dated June 30, 1970).

Legally Blind - a person whose visual acuity is 20/200 or less in the better eye with correcting glasses, or whose widest diameter of visual field subtends an angular distance no greater than 20 degrees.

Visually Handicapped - a person whose visual disability, with correction and regardless of optical measurement with respect to legal blindness, are certified as unable to read normal printed material.

Physically Handicapped - a person who is certified by competent authority as unable to read or use ordinary printed materials as a result of physical limitation, or a person whose disabling condition causes difficulty with hand and finger coordination and use of a coin telephone.

The term, "Handicapped Person", when used in connection with a person having a speech or hearing impairment which requires that they communicate over telephone facilities by means other than voice is defined below:

Hearing - a person with binaural hearing impairment of 60% or higher on the basis of the procedure developed by the American Academy of Otolaryngology (A.A.O.) as set forth in "Guide for Conservation of Hearing in Noise" 38-43, A.A.O., 1973; "guides to the Evaluation of Permanent Impairment" 103-107, American Medical Association, 1971.

Speech - a person with 65% or higher of impairment on the basis of the procedure recommended by the American Medical Association's Committee on Rating of Mental and Physical Impairment to evaluate speech impairment as to three categories: audibility, intelligibility and functional efficiency, as set forth in "Guides to the Evaluation of Permanent Impairment" 109-III, American Medical Association, 1971.

Hotel - An establishment offering lodging with or without meals to the general public on a day-to-day basis.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Incoming Service Group - Two or more central office lines arranged so that a call to the First line is completed to a succeeding line in the group when the first line is in use.

Interface - That point on the premises of the subscriber at which provision is made for connection of facilities provided by someone other than the Company to facilities provided by the Company.

Interoffice Mileage - The segment of a line which extends between the central offices serving the originating and terminating points.

Interruption - The inability to complete calls, either incoming or outgoing or both, due to Company facilities malfunction or human errors.

Joint User - A person, firm, or corporation which uses the telephone service of a subscriber as provided in Section 1 of the Tariff.

Kilobit - One thousand bits.

LATA - Local Access and Transport Area. The area within which the Company provides local and long distance ("intraLATA") service. For call to numbers outside this area ("interLATA") service is provided by long distance companies.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Link - The physical facility from the network interface on an end-user's or carrier's premises to the point of interconnection on the main distribution frame of the Company's central office.

Leased Chanel - A non-switched electrical path used for connection of equipment furnished by the subscriber to equipment furnished by the subscriber or the Company for a specific purpose.

Local Call - A call which, if placed by a customer over the facilities of the Company, is not rated as a toll call.

Local Calling Area - The area, consisting of one or more central office districts, within which a subscriber for exchange service may make telephone calls without a toll charge.

Local Service - Telephone exchange service within a local calling area.

Loop Start - Describes the signaling between the terminal equipment or PBX/key system interface and the Company's switch. It is the signal requesting service.

Loops - Segments of a line which extend from the serving central office to the originating and to the terminating point.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Measured Rate Service - A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network, measured in increments of minutes or seconds.

Megabit - One million bits.

Message Rate Service - A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network. One completed call is equal to one message.

Move - The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

Multi-Frequency ("MF") - An inter-machine pulse-type used for signaling between telephone company switches, or between telephone company switches and PBX/key systems.

Multiline Hunt - A method of call signaling by which a call placed to one number is subsequently routed to one or more alternative numbers when the called number is busy.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Network Control Signaling - The transmission of signals used in the telecommunications system which perform functions such as supervision (control, status and charging signals), address signaling (e.g. dialing), calling and called number identification, audible tone signals (call progress signals indicating re-order or busy conditions, alerting) to control the operation of switching machines in the telecommunications system.

Network Control Signaling Unit - The terminal equipment furnished, installed and maintained by the Telephone Company for the provision of network control signaling.

Node - The location to which digital channels are routed and where access is provided to such lines and associated equipment for testing.

PBX - A private branch exchange.

Port - A connection to the switching network with one or more voice grade communications channels, each with a unique network address (telephone number) dedicated to the customer. A port connects a link to the public switched network.

Premises - The space occupied by a customer or authorized user in a building or buildings or contiguous property not separated by a public right of way.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Private Branch Exchange Service - Service providing facilities for connecting central office trunks and tie lines to PBX stations, and for interconnecting PBX station lines by means of a switchboard or dial apparatus.

Public Access Line Service - Service providing facilities for a customer owned coin operated telephone ("COCOT").

Public Safety Answering Point ("PSAP") - An answering location for E911 calls originating in a given area. A PSAP may be designated as primary or secondary, which refers to the order in which calls are directed for answering. Primary PSAPs respond first; secondary PSAPs receive calls on a transfer basis only and generally serve as a centralized answering location for a particular type of emergency call.

Rate Center - A geographic reference point with specific coordinates on a map used for determining mileage when calculating charges.

Referral Period - The time frame during which calls to a number which has been changed will be sent to a recording which will inform the caller of the new number.

Resale of Service - The subscription to communications service and facilities by one entity and the reoffering of communications service to others (with or without 'adding value') for profit.

Same Premises - All space in the same building in which one subscriber has the right of occupancy, and all space in different buildings on contiguous property when occupied solely by the same subscriber. Foyers, hallways and other space for the common use of all occupants of a building are considered the premises of the operator of the building.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Selective Routing ("SR") - A feature that routes an E911 call from a Central Office to the designated primary PSAP based upon the identified number of the calling party.

Serving Central Office - The central office from which local service is furnished.

Sharing - An arrangement in which several users collectively use communications service and facilities provided by a carrier, with each user paying a pro-rata share of the communication related costs.

Station - Each telephone on a line and where no telephone associated with the line is provided on the same premises and in the same building, the first termination in station key equipment or a jack for use with a portable telephone.

Suspension - Suspension of service for nonpayment is interruption of outgoing service only. Suspension of service at the subscriber's request is interruption of both incoming and outgoing service.

Synchronous - Transmission in which there is a constant time interval between bits, characters or events.

T-1 System - A type of digital carrier system transmitting voice or data at 1.544 Mbps. A T-1 carrier can handle up to 24 multiplexed 64 Kbps digital voice/data channels. A T-1 carrier system can use metallic cable, microwave radio or optical fiber as transmission media.

Issued: November 22, 2002

Effective: December 6, 2002

By:

Al Mayerhoff, President
101 Tyrellan Avenue
Staten Island, NY 10309

SECTION 12 - EXPLANATION OF TERMS, (CONT=D.)

Telephone Call - A voice connection between two or more telephone stations through the public switched exchange system.

Telephone Grade Lines - Lines furnished for voice transmission or for certain signaling purposes.

Termination of Service - Discontinuance of both incoming and outgoing service.

Tie Line - A dedicated line connecting two switchboards or dial systems.

Toll Call - Any call extending beyond the local exchange of the originating caller which is rated on a toll schedule by the Company.

Tone Dial Signaling ("TD") - An electronic signal emitted by the circuitry of Touch-Tone-type push-button dials to represent a dialed digit.

Two Way - A service attribute that includes DOD for outbound calls and can also be used to carry inbound calls to a central point for processing.

User - A customer, joint user, or any other person authorized by a customer to use service provided under this Tariff.
